TOWN WARRANT
The State of New Hampshire

To the inhabitants of the Town of Londonderry in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Matthew Thornton School in said Londonderry on Tuesday, the Eighth day of March, next at seven of the clock in the forenoon, to act upon the following subjects:

ARTICLE 1.

To choose all necessary Town Officers for the ensuing year.

ARTICLE 2.

To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.

ARTICLE 3.

To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.

ARTICLE 4.

To see if the Town will vote to authorize the Selectmen to sell at Public Auction property acquired by the town through Tax Collector's Deeds.

ARTICLE 5.

To see if the Town will vote to accept State Aid for the construction of Class V roads and to raise and set aside for said purposes the sum of \$1,931.91 and the State will contribute the sum of \$12,879.41.

ARTICLE 6.

To see if the Town will vote to accept the following Cemetery Perpetual Care Trust Funds, with interest accrued in excess of that necessary for the particular lot, to be used for general cemetery up-keep:

Robert F. & Marilyn H. Bowen	\$150.00
Robert E. & Shirley W. Page	100.00
Robert M. & Janet Nelson	200.00
Francis Decoste, Jr.	100.00
Frederick E. & Murray M. Moody	200.00
Ralph F. & Harriet P. Dutton	125.00

ARTICLE 7.

To see if the Town will vote to accept \$300.00 from Rowland & Ferne Schmidtchen to be added to a School Trust Fund which they started in 1969.

ARTICLE 8.

To see if the town will vote to authorize the withdrawal from Federal Revenue Sharing Funds established under the provisions of the State and Local Assistance Act of 1972 the sum of \$18,000 for the purchase of four new Police Cruisers with trade in of three used Police Cruisers.

ARTICLE 9.

To see if the Town will vote to authorize withdrawal from Federal Revenue Sharing Funds established under the provisions of the State and Local Assistance Act of 1972 the sum of \$50,000 for the purpose of new construction on Town roads.

ARTICLE 10.

To see if the Town will vote to raise and appropriate a sum not to exceed \$60,000 to employ the services of a Professional Appraisal Firm to revalue all of the Taxable Property in the Town of Londonderry.

ARTICLE 11.

To see if the Town will accept State Aid in the sum of \$37,000 and raise and set aside the sum of \$22,000 to be used for the construction of the South Road Bridge.

ARTICLE 12.

To see if the Town will vote to appropriate the sum of \$3,500 for the purpose of taking a census of the Town.

ARTICLE 13.

To see if the Town will vote to raise and appropriate the sum of \$10,000 to construct one (1) softball field on land owned by the Town and set aside for recreation purposes. The construction of the above to be subject to available federal funds, which would reduce the total cost of the project to \$5,000 for the Town of Londonderry. By request of Londonderry Parks and Recreation Commission.

ARTICLE 14.

To see if the Town will vote to raise and appropriate the sum of \$16,000 to construct two (2) basketball courts which can be utilized

for winter skating on land owned by the Town and set aside for recreation purposes. The construction of the facility will be subject to available matching federal funds, which would reduce the total cost of the project to \$8,000 for the Town of Londonderry. By request of the Londonderry Parks and Recreation Commission.

ARTICLE 15.

To see if the Town will vote to raise and appropriate the sum of One Thousand (\$1,000) for the purpose of completing the 3rd volume of the Londonderry Town History Book.

ARTICLE 16.

To see if the Town will vote to authorize the Selectmen, until directed to the contrary at a subsequent Town Meeting, to apply, negotiate and do all other things necessary to obtain such Federal, State, or other assistance as may be available for the construction of a sewage disposal system, and to authorize the Selectmen to borrow money in anticipation of said assistance as outlined in N.H. R.S.A. 33:7-b et seq., as amended, and pass any vote relating thereto.

ARTICLE 17.

To see if the Town will vote to raise and appropriate a sum of \$1,100,000.00, for the purpose of constructing sewerage and sewage treatment facilities which are requirements contained in the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et seq) and will qualify the Town for Federal funds, such sum to be raised by the issuance of Serial Bonds or Notes not to exceed \$1,100,000.00 under and in compliance with the provisions of the Municipal Finance Act. (N.H.R.S.A. 33.1 et seq., as amended) and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interests — of the Town of Londonderry, and to allow the Selectmen to expend such monies as become available from the Federal Government under the Financial Assistance Program of the Construction Grants section of the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et seq.) and pass any vote relating thereto.

ARTICLE 18.

To see if the Town will vote to appropriate the sum of \$5,000 for the purpose of preparing a Master Plan. A consultant will be chosen based on bid proposals.

ARTICLE 19.

To see if the town will vote and appropriate the sum of \$3,500.00 for the purpose of updating the soils map of approximately 14,000 acres.

ARTICLE 20.

To see if the Town will vote to authorize the Selectmen to retire a 10 year loan negotiated in 1976 in the amount of \$53,194.00 for the purpose of purchasing a fire truck. Money to retire the loan to be taken from Federal Revenue Sharing Funds.

ARTICLE 21.

To see if the Town will vote to raise and appropriate the sum of \$427,000, for the purpose of constructing a multi-purpose town office building and to authorize the Selectmen to negotiate a twenty year note in the sum of \$427,000.

ARTICLE 22.

To see if the Town of Londonderry will vote to become a member of the Southern New Hampshire Planning Commission. The objectives of the Commission are to provide for and encourage regional planning analyses; promote a consensus on problems of regional concern; and assist with implementation of projects located within, and which extend beyond, the boundaries of member communities. The Commission has only such authority as conferred on it by RSA Chapter 36: Sections 45-53, of 1955, as amended, and will serve in an advisory capacity representing the interests of the local governing body. The Board of Selectmen shall appoint two representatives to the Commission from among those nominated by the Planning Board in accordance with State law.

ARTICLE 23.

To see if the Town of Londonderry will vote to appropriate the sum of \$3,638.25 (\$.35 per capita) as the Town's share for the operation of the Southern New Hampshire Planning Commission. These funds will be used for financing the staff, operating expenses, planning studies, technical assistance, and such other programs as may be authorized by the Commission. These funds may be used in conjunction with such other state and/or federal funds as may be available for planning purposes.

A vote on this article is contingent upon Town Meeting approval of the prior article authorizing membership in the Southern New Hampshire Planning Commission.

ARTICLE 24.

To see if the Town will authorize the Conservation Commission to purchase a parcel of land (Map 4 Lot No. 97) located on Kendall Pond Road and a triangular strip located at the intersection of Pillsbury and Hardy Roads for the sum of \$4,000.00. Money to be taken from Conservation Land Trust established for such purposes.

ARTICLE 25.

To see if the Town will authorize the Selectmen to make application for and to accept and to spend on behalf of the Town, any and all grants or other funds which may now or hereafter be forthcoming from the United States Government and/or the State of New Hampshire.

ARTICLE 26.

To see if the Town will prohibit the operation of massage parlors and other related business enterprises in the Town of Londonderry.

ARTICLE 27.

To see if the Town will vote to adopt the provisions of the Municipal Budget Law as provided by R.S.A. Chapter 32:1. If adopted the Budget Committee shall consist of twelve (12) members at large to be elected by Town Meeting. One-third of the members at large shall hold office for a one year term, one-third of the members at large shall serve a two year term and one-third of the members at large shall serve a three year term and/or until their successors are elected and qualified. In addition to the above twelve members, there shall be one member of the School Board, chosen by the School Board and one member of the Board of Selectmen, chosen by the Board of Selectmen. No member of the School Board, Board of Selectmen or Town Manager shall serve as a member at large as provided by RSA chapter 32:2. By Petition of the Budget Committee.

ARTICLE 28.

To see if the Town will authorize and empower the Selectmen to negotiate and form a binding lease relative to the use of the Firemen's Hall (Mayflower Grange) with the Firemen's Relief Association Inc.

ARTICLE 29.

To see if the Town will vote to authorize and instruct the Board of Selectmen to exchange approximately 38 acres of Map 9, Parcel 11 for approximately 76 acres of Map 9, Parcel 12. The Board of Selectmen will determine that the parcel received is of equal or

better quality than that which is exchanged. The purpose of the land swap is to facilitate the construction of an access road from High Range Road to Mammoth Road.

ARTICLE 30.

To authorize the Board of Selectmen with the Planning Board to approve the relocation of that portion of Mountain Home Road that is Southwest of Parcel 13A on Tax Map 9 and leading in a Southwesterly direction to High Range Road. This is to facilitate traffic movement.

ARTICLE 31.

To see if the Town will authorize the Selectmen to close and make subject to gates and bars that portion of Meadow Drive which runs along the southern boundary of the Kendallwood Townhouse Condominium. Further, that the Selectmen be empowered and authorized to physically locate gates and bars in a form of an iron chain at the point where said Meadow Drive first abuts the property of the Kendallwood Townhouse Condominium. Requested by Petition of David Danielson, et al.

ARTICLE 32.

By petition of Clement Mersier et al wish to express our desire to have as ("Our Song") the adoption of the song "Londonderry, N.H.," inspired by Marjorie Nisula of Historical Society of Londonderry, N. H. and written (words & music) by Anne B. Currier of Londonderry, N. H.

ARTICLE 33.

To see if the Town will adopt the provisions of R.S.A. 41:38 & 41:42 pertinent to the appointing of Deputy Tax Collector.

ARTICLE 34.

To see if the Town will vote to discontinue and permanently close a portion of a former proposed road (Loan St.) between Foxglove Street and Weymouth Road.

ARTICLE 35.

To see if the Town will vote to authorize the Selectmen to sell that portion of Town property shown as Prop. Cont. (proposed continuation) on plan entitled "Camelot, A Subdivision in the Town of Londonderry, N. H. as drawn for James Matarozzo, April 1967." Said property being 50 feet in width and 356.04 feet in length running between Parcels 44 and 45 on Tax Map 7. The selling price to be determined by the fair market value estimated by the Town Assessor.

ARTICLE 36.

To see if the town will approve a 4% increase in the Londonderry Wage & Salary schedule at all salary levels and in all personnel categories.

ARTICLE 37.

To see if the town will vote to amend The Dog Ordinance Section 8: Disposition of Unclaimed Dogs, as passed at the 1976 Town Meeting to read as follows: Any properly collared and tagged dog which has been impounded and has not been redeemed by the owner shall be turned over to the nearest Animal Rescue League provided that any such dog shall be held for at least **ten days** after impounding. In those cases where it is required that notice be given the owner, said ten days shall commence from the date the owner is notified. In the event the Animal Rescue League is unwilling or unable to accept custody of said dog, the dog shall be disposed of as directed by the Selectmen. Any uncollared, untagged dog whose owner cannot be identified shall be held for a minimum of **ten days** and after such time, if the owner cannot be determined, the dog shall be disposed of in the manner prescribed in the preceding paragraph.

ZONING SECTION

ARTICLE 100.

To see if the Town will vote to amend the Zoning Ordinance, Chapter I, Section XIX, SIGNS by deleting the present Ordinance in its entirety and substituting the following: Chapter I, Section XIX, SIGNS

1. Definitions:

In this section the following terms shall have the following meanings:

A. A **sign** shall include any object of whatever material or method of construction and however displayed, whether being a structure or any part thereof, a building or other structure used to indicate, announce, direct, attract, advertise or promote with lettering, word, numeral, emblem, device, trademark, drawing, picture, or flag, pennant, streamer, including those visible through windows.

B. **On Premise Sign:** Any sign, which with respect to the property on which it is located, indicates, calls attention to or advertises either the person occupying the premises on which it is located, or the business or activity being conducted on such property, including ground signs.

C. **Off Premise Sign:** Any sign other than on premise, exclusive of residential sign as herein defined.

D. Residential Sign: Any sign whether attached or detached on a property to denote the occupants of that property, or which advertises the sale, rental or lease of the premises or any part thereof, and which contains no other advertising of any kind.

2. ON PREMISE SIGNS:

The following requirements are applicable to all "On Premise Signs."

A. On Premise Signs require a permit issued by the Building Inspector.

B. Maximum surface of lettering area applicable to signs visible from Town roads shall be sixteen (16) square feet and for State roads thirty-two (32) square feet, except in the Residential District signs shall be limited to two (2) square feet. Decorations and ornamental appurtenance, used to enhance the display area, shall be no greater than the lettered area of the sign.

1. When a sign composed of separate letters is affixed to the wall of a building, the area shall be deemed to be the area of a rectangle enclosing and touching the extreme limits of the sign including any structural parts thereof.

2. Signs affixed to, suspended from or incorporated as a part of a building and positioned parallel to the wall of a building shall not exceed ten (10) percent of the wall area.

C. Maximum height above the average grade of the lot on which the sign is erected shall be twenty (20) feet. Height includes the sign and its appurtenant structure.

D. No sign shall be erected at or near the intersection of any streets or of a street and driveway in such manner as to obstruct free and clear vision, or erected at any location where by reason of the position, shape, color, illumination or wording, the sign may interfere with, obstruct the view of, or be confused with any authorized traffic sign, signal or device or otherwise constitute a hazard to pedestrian or vehicular traffic because of intensity or direction of illumination.

E. Flashing, moving or animated signs or signs designed to attract attention by a change in light intensity or by repeated motion are prohibited.

F. No sign shall be affixed to or form any part of any cupola, tower, spire, chimney, enclosure or other object or structure located on or above the roof of any building.

G. Signs must be durably constructed, solidly erected and maintained to insure safety and attractiveness.

H. Where applicable the requirements of the Town Ordinance, re., Building Code is included in this ordinance.

I. Except as herein specifically stated the requirements of this ordinance are equally applicable to both On Premise and Off Premise signs and to all zoning districts.

J. Quantity of signs shall be in accordance with the following:

1. On Premise signs shall be limited to one (1) principal sign for each business establishment which has a separate public entrance (See J-4). In addition to which a business establishment may add one (1) secondary On Premise sign for each additional separate public entrance.

2. Secondary signs shall not exceed fifty (50) percent of the area of principal signs and shall be situated in close proximity to the entrance.

3. Directory signs in addition to the principal sign may be used for property with two (2) or more business establishments having a common public entrance. Directory signs may not exceed an area based on one (1) square foot for each establishment on the property.

a. Directory Signs of two (2) square feet may be allowed in the Industrial District.

4. Ground signs shall be limited to one (1) per lot.

K. Variances to the above conditions require Board of Adjustment approval.

L. Maximum surface of lettering area applicable to signs in the Industrial District may be thirty-two (32) square feet with Board of Adjustment approval.

3. Off Premise Signs: The following requirements are applicable to all off premise signs:

A. The Board of Adjustment, with the advice of the Planning Board and approval of the Board of Selectmen may permit the erection, display and maintenance of an Off Premise Sign when it determines that the nature and use of the premises is such that a sign should be permitted in the public interest.

B. Directional Signs: Directional signs indicating the location of business operations within the Town of Londonderry may be permitted by the Board of Adjustment for a period of three (3) years, at which time application and approval of a new exception is required. Directional signs granted as an exception shall not exceed eight (8) square feet.

C. If granted such permission by the Board of Adjustment, all requirements for On Premise Signs are applicable and the Board of Adjustment shall impose such other terms and restrictions as it may deem to be in the public interest.

4. Exempted Signs: The provisions of this section shall not apply to the following signs:

A. Any sign which is required or authorized by any law, rule, regulation or permit of the federal or state governments or any agency thereof or any public authority created thereby.

B. Any sign erected or placed on any Town premises under the provisions of any Town Ordinance or Building Code or by direction or order of the town board or committee having lawful jurisdiction over such premises.

C. Non-Conforming Signs as defined in Section 5 of this ordinance.

D. Any sign not exceeding four (4) square feet in area, limited solely to directing traffic within a parking area or indicating parking restrictions in the use of such parking area.

E. Any sign not exceeding one (1) square foot in area, marking or identifying privately owned land.

F. Customary signs on gasoline pumps indicating in usual size and form the name and type of gasoline and the price thereof.

G. Customary signs relating to the sale, rental, or lease of the property thereon.

H. Holiday decorations and lights when in season.

5. Non-Conforming Signs:

A. Any Off Premise sign legally erected prior to the adoption of this by-law may continue to be maintained for a period of not longer than five years after the effective date of this by-law. Any On Premise Non-Conforming sign legally erected prior to the adoption of this by-law may continue to be maintained, provided, however, that no such sign shall be enlarged, re-designed or altered except in accordance with the provisions of this by-law and provided further that any such sign which has been destroyed or damaged to such an extent that the cost of restoration would exceed thirty-five (35) percent of the replacement value of the sign at the time of the destruction or damage, shall not be repaired or rebuilt or altered except in accordance with the provision of this by-law.

B. The exceptions herein granted shall terminate with respect to any sign which (1) shall have been abandoned; (2) advertises or calls attention to any products, businesses or activities which are

no longer carried on or sold for at least sixty (60) days; or (3) shall not have been repaired or properly maintained within sixty (60) days after notice to that effect has been given by the Building Inspector.

6. Temporary Signs: In particular instances the Board of Selectmen may grant special permits for the erection and display of temporary signs subject to the following conditions:

A. To any charitable, religious, scientific, literary, educational, fraternal, civic, political or other similar non-profit organization or association, a temporary sign advertising any function or activity of the applicant which will be open to the public, provided that the permit for such sign shall be for a stated period of time not exceeding thirty (30) days.

B. Applications to the building inspector for temporary signs shall be in such form as the Selectmen shall determine and shall contain a description of the sign, including the size, height, material, color, wording, and supporting structure, and the proposed location and inclusive dates of display. In granting any such further restrictions and conditions as they may deem to be in the public interest.

7. PERTINENCE TO OTHER LAWS:

A. All signs shall be subject to any and all other applicable ordinance and regulations of the Town of Londonderry and the State of New Hampshire.

B. In the case of redundant provisions, the requirement which imposes the greater restriction or higher standard shall govern.

ARTICLE 101.

To see whether the Town of Londonderry will vote to amend the Zoning Ordinance, Chapter I, Section III, Article B-3a-1 to read:

(1) Minimum Land Area — No Residential lot with or without Town water and/or Town sewerage shall be less than one acre. Seventy-five percent (75%) of this acre, (or 32,670 sq. ft. of any residential lot), must be deemed suitable with the following characteristics:

- A. Land with final grade slopes of less than 25%.
- B. Land where the percolation rate is 30 Min./In or less.
- C. Land where the depth from final grade to bedrock is two feet or deeper.
- D. Land where the depth from original ground to seasonal high groundwater is one foot or more.

A residence may be constructed on a lot of record at the time this ordinance becomes effective.

ARTICLE 102.

To see whether the Town of Londonderry will vote to amend the Zoning Ordinance, Chapter I, Section VI, Industrial Districts by adding:

F. Before any buildings, parking lots or drives can be constructed within 200 feet of a Residential and/or Agricultural Zone that abuts an Industrial District, a buffer zone will have to be established with the following minimum characteristics;

1. It shall abut the Residential and/or Agricultural Zone and be a minimum of 50 feet wide.

2. It shall be landscaped and maintained with the purpose in mind to diminish the effect of lighting, sound and odor created in the Industrial District.

- (a) Minimum plantings for the buffer zone shall be three rows of coniferous type trees, running parallel with the Residential and/or Agricultural District. These trees shall have a minimum height of six feet and be planted at a distance of 12 to 16 feet on center. They shall be staggered so as to present a more dense buffer zone. Natural growth will be considered to reduce the required minimum planting.

Landscaping of the buffer zone shall be approved by the Planning Board.

ARTICLE 103.

To see if the Town will vote to amend the Zoning Ordinance, Chapter I, Section III, A-2, by adopting the proposal of the "Growth Committee" to protect against excessive financial and environmental stresses by limiting residential building permits. This would allow time to prepare a new Master Plan to be presented at Town Meeting in March, 1978.

The proposal consists of the following:

1. Building permits, issued for construction of new houses from March 1977 to March 1978, would be limited to 190 permits. (Approved lots and lots of record when this ordinance becomes effective are exempt from these limits. One and two lot residential subdivisions are exempt from these limits.)

2. No more than 150 permits would be allocated to builders who have built in Londonderry in proportion to their building history for the last four years, ending December 1976.

3. The remaining permits would be reserved for issuance to builders or land owners who do not qualify under Para. 2. (No more than five (5) permits will be allowed to a single individual or company)

4. A list, of builders eligible for the 150 permits noted in Para. 2 above with the number of permits allowable for each, will be prepared by the "Growth Committee," subject to approval by the Board of Selectmen, Planning Board and Building Inspector.

The Building Inspector may then issue permits according to this list, when all other requirements of the zoning ordinance have been met.

ARTICLE 104.

To see whether the Town will vote to adopt the following amendment to the Zoning Ordinance, submitted to the Planning Board by petition:

So as to add Lot No. 43 on Map 1 of the Property Map of the Town of Londonderry to the Commercial District as defined by the Zoning Ordinance of the Town of Londonderry.

ARTICLE 105.

To see whether the Town will vote to adopt the following amendment to the Zoning Ordinance, submitted to the Planning Board by petition:

To see if the town will vote to Zone Parcel 100 on Map 15 Commercial and Industrial.

ARTICLE 106.

To see whether the Town will vote to adopt the following amendment to the Zoning Ordinance, submitted to the Planning Board by petition:

To see if the Town will vote to Zone Parcel 51, on Map 15 Commercial and Industrial. A distance of 1200' on Perkins Road and 1500' on the Westerly line South of Rockingham Road.

ARTICLE 107.

To see whether the Town will vote to adopt the following amendment to the Zoning Ordinance, submitted to the Planning Board by petition:

To have the following properties changed from Agricultural/Residential Zoning to Commercial/Industrial Zoning: 1. That parcel of land shown and described on Tax Map 17, Parcels 25 and 26 owned by John Robert and Betty Jane Evans.

2. That Parcel of land shown and described on Tax Map 15, Parcel 235 owned by Aime J. Huard.

ARTICLE 108.

To see whether the Town will vote to adopt the following amendment to the Zoning Ordinance, submitted to the Planning Board by petition:

To rezone the property of Rev. Irving S. and Carole Mae Jones on Tax Map 6, Parcel 32, from Residential/Agricultural to Commercial.

ARTICLE 38.

To transact any other business that may legally come before this meeting.

Given under our hands and seal, this eighteenth day of February, in the year of our Lord, nineteen hundred and seventy-seven.

In Memoriam

Howell F. Shepard

September 1, 1896 - December 6, 1976

Howell F. Shepard formerly of Londonderry passed away at Memorial Hospital in Worcester, Massachusetts on December 6, 1976.

He moved to Londonderry, New Hampshire in 1953 becoming very active in the community. He served as Selectman from 1958 to 1962. He was also very active in the Londonderry Volunteer Fire Department for many years serving as a Director and Volunteer Fireman. He was instrumental in purchasing the first piece of apparatus for the Volunteer Department. He also donated much equipment to them including a jeep vehicle.

Mr. Shepard also served Londonderry as a representative in the General Court and was the first Chairman of the New Hampshire Sweepstakes Commission.

In Memoriam

Charles E. DeCato, Jr.

July 10, 1929 - December 8, 1976

A former Chairman of the Board of Selectmen, Charles E. DeCato, Jr. resided in our town for the past 22 years. An avid participant in town affairs, Mr. DeCato served six years as a special officer with the Londonderry Police Department. He was a member of the Londonderry Chamber of Commerce and the Taxpayers Association. As a past Korean War Army Veteran, he was a member of the Lester-Parmenter VFW Post of Londonderry.

Article 11. "Do you favor adoption of the town manager plan as provided in chapter 37 of the Revised Statutes Annotated?"

Yes—367 No—597

Article 18. "Shall we adopt the provisions of RSA 72:43-b and 43-c for expanded exemptions on real estate which provide for a resident sixty-five years of age up to seventy-five,

a five thousand dollar exemption; a resident seventy-five years of age up to eighty, a ten thousand dollar exemption; a resident eighty years of age or older, a twenty thousand dollar exemption, provided that the resident owns the real estate individually or jointly with another or his spouse with whom he has been living for at least five years as man and wife; said resident had a net income of less than seven thousand dollars or combined income with spouse of less than nine thousand dollars; and owns assets of any kind, tangible or intangible, less bona fide encumbrances, not in excess of thirty-five thousand dollars?"

Yes—844 No—172

Article 23. "Shall the provision for absentee ballot for the election of town officers be adopted by this town?"

Yes—768 No—243

Article 100. Are you in favor of the adoption of Amendment No. 100 as proposed by the Planning Board for the town zoning ordinance as follows: That all one acre residential lots contain a minimum of 75% suitable land with slopes less than 25%, 30 Min/in or less percolation rate, depth to bedrock is 2 feet or deeper, and depth to seasonal high groundwater is 1 foot or more? (Lots larger than one acre must contain 32,670 sq. ft. suitable land.)

Yes—691 No—349

(Petition received)

Article 101. Are you in favor of the adoption of Amendment No. 101 as proposed by the Planning Board for the town zoning ordinance as follows: That buildings on Commercial lots be set back 50 feet from the nearest right of way and 25 feet from side and rear lot lines?"

Yes—847 No—197

Article 102. Are you in favor of the adoption of Amendment No. 102 as proposed by the Planning Board for the town zoning ordinance as follows: The maximum coverage on any Commercial lot by the building, parking lots and/or driveways

shall be no more than 2/3 of any such lot in order to preserve the rural characteristics of the town?"

Yes—764 No—267

(Petition received)

Article 103. Are you in favor of the adoption of Amendment No. 103 as proposed by the Planning Board for the town zoning ordinance as follows: To define FRONTAGE as the length of the lot bordering on any highway or right of way approved and maintained by the Town or State that provides access to and from the lot?

Yes—781 No—225

Article 104. Are you in favor of the adoption of Amendment No. 104 as proposed by the Planning Board for the town zoning ordinance as follows: To add to the Commercial District the Lievens lot on the corner of Route 102 and Gilcreast Road, Map 7, Parcel 65 for a depth of 500 feet parallel to Route 102 but with a 50 foot buffer zone on the Westerly side?

Yes—370 No—655

(Petition received)

Article 105. Are you in favor of the adoption of Amendment No. 105 as proposed by the Planning Board for the town zoning ordinance as follows: To add to the Commercial District a portion of the Belanger property (Map 6, Parcel 65A) for a depth of 500 feet parallel to Route 102 with a 50 foot buffer zone to the rear (North) and a screening of trees on the Easterly side?

Yes—513 No—482

Article 106. Are you in favor of the adoption of Amendment No. 106 as proposed by the Planning Board for the town zoning ordinance as follows: To add to the Commercial District, Parcel 49 on Tax Map 6 between Route 128 and Route 102, Merchants Bank property?

Yes—624 No—347

Article 107. Are you in favor of the adoption of Amendment No. 107 as proposed by the Planning Board for the town zoning ordinance as follows: To update our BOCA Building Code to the 1975 edition?

Yes—731 No—239

Article 108. Are you in favor of the adoption of Amendment No. 108 as proposed by the Planning Board for the town zoning ordinance as follows: All plumbing shall conform with the BOCA Plumbing Code and practices for safety to health and property?

Yes—756 No—266

Article 109. Are you in favor of the adoption of Amendment No. 109 as proposed by the Planning Board for the town zoning ordinance as follows: All electrical wiring shall conform with the National Electric Code/1975 and practices for safety to health and property?

Yes—810 No—216

Article 110. Are you in favor of the adoption of Amendment No. 110 as proposed by the Planning Board for the town zoning ordinance as follows: That no building, parking lot or drives can be constructed in a Commercial District, within 200 feet of a Residential/Agricultural District until a buffer zone 50 feet wide consisting of coniferous trees, a minimum of 6 feet high is approved by the Planning Board and established?

Yes—787 No—229

Article 111. Are you in favor of the adoption of Amendment No. 111 as proposed by the Planning Board for the town zoning ordinance as follows: To add to the Conservation District all land bordering Scobie Pond which is below elevation 370 feet USGS except land South of the dam at the pond's outlet extending 65 degrees West to the town road and North 65 degrees East of said dam to the Derry Town Line?

Yes—792 No—176

Article 112. Are you in favor of the adoption of Amendment No. 112 as proposed by the Planning Board for the town zoning ordinance as follows: To allow the Board of Adjustment to grant by special exception an office building or bank within the Industrial District subject to advisory report of the Planning Board? (Requested by the Londonderry Housing & Re-development Authority.)

Yes—677 No—422

Article 113. (Has been included in Article 112.)

Article 114. Are you in favor of the adoption of Amendment No. 114 as proposed by petition of the voters for this town? To add to the Commercial-Industrial District, Parcel 23 on Tax Map 16 belonging to George Thomopoulos including the land-fill site and old Londonderry Dump.

The Planning Board disapproves this amendment.

Yes—268 No—743

(Petition received)

Article 115. Are you in favor of the adoption of Amendment No. 115 as proposed by petition of the voters for this town? To add to the Commercial-Industrial District Parcel 36 on Tax Map 18, a 58 acre parcel on the West side of Auburn Road belonging to George Thomopoulos.

The Planning Board disapproves this amendment.

Yes—237 No—774

(Petition received)

Article 116. Are you in favor of the adoption of Amendment No. 116 as proposed by petition of the voters for this town? That all residential lots contain two (2) acres and 175 feet of frontage and that all cluster lots contain two (2) acres. All existing one acre contiguous lots must be resubdivided to conform with this amendment.

The Planning Board disapproves this amendment.

Yes—333 No—679

(Petition received)

Article 117. Are you in favor of the adoption of Amendment No. 117 as proposed by petition of the voters for this town? To adopt Regulations and Minimum Standards for Mobile Parks requiring: licensing and fees; a minimum of 15 acres; minimum home spaces of 10,000 sq. ft.; minimum 10% recreation area; and a minimum density of 3 mobile home spaces per gross acre of land in the park. The Mobile home park zone shall be all existing legally operated mobile home parks to be shown on Londonderry tax map. Also, all of Parcel 10 on Zoning Map 11 & 14 belonging to Louis Faucher.

The Planning Board disapproves this amendment.

Yes—294 No—719

Article 118. Are you in favor of the adoption of Amendment No. 118 as proposed by petition of the voters for this town? To add to the Commercial District, Parcel 53 on Tax Map 6 on Route 102 belonging to Edgar & Winnifred Pitts.

The Planning Board disapproves this amendment.

Yes—390 No—612

Article 119. Are you in favor of the adoption of Amendment No. 119 as proposed by petition of the voters for this town? All Commercial Districts shall have a buffer zone of two hundred (200) feet between all adjoining residential districts. The landscaping to be approved by a majority of the area residents.

The Planning Board disapproves this amendment.

Yes—466 No—541

(Petition received)

Article 120. Are you in favor of the adoption of Amendment No. 120 as proposed by petition of the voters for this town? To add to the Commercial District Parcels 86, 86-1, 87 on Tax Map 10 between Londonderry Road, Ash Street and Route 193 and belonging to Calvin Chase and Harry Richardson.

The Planning Board approves this amendment.

Yes—605 No—387

Article 121. Are you in favor of the adoption of Amendment No. 121 as proposed by petition of the voters for this town? To add to the Commercial-Industrial District Parcel 187 on Tax Map 15 belonging to McAndrew and being the Label Factory in the North end of town.

The Planning Board approves this amendment.

Yes—675 No—323

Article 122. Are you in favor of the adoption of Amendment No. 122 as proposed by petition of the voters for this town? To add to the Commercial District, Parcel 19 on Map 17 at the junction of South Willow Street and South Mammoth Road, belonging to N. H. Crane Co., Inc.

The Planning Board disapproves this amendment.

Yes—431 No—575

**LONDONDERRY ANNUAL TOWN MEETING
MINUTES ON ARTICLES ACTED UPON**

MARCH 5, 1976

**LONDONDERRY CENTRAL SCHOOL AUDITORIUM
LONDONDERRY, NEW HAMPSHIRE**

ANDREW C. MACK, Moderator
ROBERT H. DAY, Selectman
NORMAN RUSSELL, Selectman
ROBERT A. EARLY, Selectman
ALICE M. TAYLOR, Town Clerk
RONALD J. HAYWARD, Stenotype Reporter

PROCEEDINGS

Mr. Mack opened the meeting at 7:15 P.M.

Pledge of Allegiance led by Mr. Mack.

Invocation given by Rev. Jones.

Mr. Mack then introduced people at the front of the hall and the people running the microphone system.

Mr. Mack then introduced Mr. Russell who thanked retiring Selectman Robert Day for his six years of dedicated service to the town. Selectman Robert Early then presented Mr. Day with a gavel as a token of the town's appreciation.

Mr. Mack now took up Article 2.

Article 2: To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same. Mr. Russell: I move to accept the budget figure of \$1,184,358.90. Seconded by Mr. Early. Discussion followed.

Mr. Ham moved to amend the figure to read \$1,183,018.90. Seconded by Mr. Early.

Mr. Mack then asked the meeting if they wished to discuss the budget item by item or raise questions on the items of concern in the budget. Discussion followed.

Mr. Arnold moved to discuss the budget item by item. Seconded by D. Hicks. Discussion followed. Motion defeated.

Mr. G. Hicks asked for explanation of the dog officer's salary. Discussion followed.

Mr. Ghiloni asked for an explanation of the service officer's salary of \$3,060. Discussion followed.

Mrs. Edna Wood asked for an explanation as to who determines the insurance coverage for the town employees and also how long it has been since a survey or study was done on town employees. Discussion followed.

Mr. Arnold moved to reduce the total for the entire budget by \$100,000. Seconded by Mr. Chase. Amendment defeated.

Mr. Mack then asked Mr. Ham of the budget committee to explain his amended figure. Discussion followed.

Mr. Early then moved the question on Mr. Russell's original figure for the budget. Seconded by Mr. Day. Motion defeated.

Mr. G. Hicks then questioned the moderator as to whether a second was ever made for an amended figure which Mr. Ham gave in earlier discussions. He was informed by the moderator that there was not and that he would like Mr. Ham to explain the areas in the budget that these figures would affect.

Mr. G. Hicks said he would second the amended figure by Mr. Ham.

Mr. Ham then gave a corrected amended figure for the budget to read \$1,166,258.90. He further stated that the four items in question which have been deleted from the previous motion is \$350 in the highway superintendent's salary, \$3,060 in the police service officer salary, \$3,350 in the dog officer's salary and \$10,000 on winter maintenance. At this time Mr. Ham so moved the amended figure. Seconded by Mr. Babin. Discussion followed. Mr. Ghiloni moved the question; seconded by Mr. Van Grevenhof. Voted affirmative.

Mr. Mack then called for a vote on the amended figure of \$1,166,258.90. Voted affirmatively.

Article 3: To see if the town will authorize the Selectmen to borrow money in anticipation of taxes. Mr. Lievens moved that the Selectmen be authorized to borrow money in antici-

pation of taxes and that the Selectmen use the sealed bid method for borrowing these funds and other funds necessary to be borrowed and the lowest bidder or most favorable rate be selected. That the town treasurer be instructed by the Selectmen as to cash flow requirements and that these funds and such other funds as may be available from time to time, including revenue sharing funds, be invested legally and according to the statutes. Seeking sealed bids for these deposits and that the most favorable rate of return be accepted. This practice to remain in effect until rescinded by vote of town meeting. I am offering the whole thing as one motion. Seconded by Mr. Noyes. Discussion followed. Mr. Anagnos moved the question, seconded by Mr. Giddens. Voted affirmative. Mr. Mack then read Article 3 as amended by Mr. Lievens. Voted affirmative.

Article 4: To see if the town will vote to authorize the Selectmen to sell at public auction property acquired by the town through Tax Collector's Deeds. Mr. Early moved to accept Article 4. Seconded by Mr. Shepard. Voted affirmative.

Article 5: To see if the town will vote to accept State Aid for the construction of Class V roads and to raise and set aside for said purposes the sum of \$1,985.96 and the State will contribute the sum of \$13,239.76. Mr. Decato moved to accept Article 5. Seconded by Mr. Van Grevenhof. Discussion followed. Voted affirmative.

Article 6: To see if the town will vote to raise and appropriate the sum of \$122.00 for White Pine Blister Rust Control as authorized under RSA 223. Mr. Russell moved to accept Article 6. Seconded by Mr. Early. Discussion followed. Voted affirmative.

Article 7: To see if the town will vote to accept the following cemetery Perpetual Care Trust Funds, with interest accrued in excess of that necessary for the particular lot, to be used for general cemetery up-keep: Alphonse Pelletier, \$100; Ezra Baker & Grace Pautot, \$200; James Innies, Sr., \$200; Aaron P. Hardy, \$100; Irving Jones & J. S. Maddox, \$150; Everett Kings-

bury & Paul Hicks, \$150; Bernard & Mabel Plummer, \$100. Mr. Russell moved to accept Article 7. Seconded by Mr. Day. Voted affirmative.

Article 8: To see if the town will vote to authorize the withdrawal from Federal Revenue Sharing Funds established under the provisions of the State and Local Assistance Act of 1972 the sum of \$17,400 for the purchase of four new police cruisers with trade in of three used police cruisers. Mr. Early moved to accept Article 8. Mr. Russell seconded the motion. Voted affirmative.

Article 9: To see if the town will vote to authorize withdrawal from Federal Revenue Sharing Funds established under the provisions of the State and Local Assistance Act of 1972 the sum of \$67,500 for the purpose of new construction on town roads. Mr. Russell moved to accept Article 9. Seconded by Mr. Early. Discussion followed. Voted affirmative.

Article 10: To see if the town will vote to authorize the Selectmen to purchase a fire truck that meets with underwriters' approval and to negotiate a five year loan in the amount of \$55,000 to finance this appropriation. Mr. Russell moved to accept Article 10. Seconded by Mr. Early. Discussion followed. Voted unanimously.

Article 12: To see if the town will vote to appropriate the sum of \$3,500 for the purpose of taking a census of the town. Mr. Giddens moved to accept Article 12. Seconded by Mr. Van Grevenhof. Discussion followed. Voted affirmative.

Mr. Welch stated that he thought there might be some confusion over the service officer's job in the budget and moved to reconsider same. Seconded by Mrs. Moore. Motion defeated.

Article 13: To see if the town will vote to raise and appropriate the sum of \$20,000 to construct two tennis courts. The above to be subject to available matching federal funds and a \$1,500 contribution from Tennis for Londonderry Committee reducing the total cost to \$8,500 for the town of Londonderry. By request of Londonderry Parks and Recreation Commission.

Mr. Czuchry moved to accept Article 13. Seconded by Mr. Bonney. Discussion followed. Mr. Russell moved the question. Seconded by Mr. Early. Voted affirmative. Article 13 was then voted affirmative.

Article 14: To see if the town will vote to employ a full time recreation director, to work under the control of the Londonderry Parks and Recreation Commission, and to appropriate \$8,500 as a starting salary for said director. By request of Londonderry Parks and Recreation Commission. Mr. Russell moved that Article 14 be tabled. Seconded by Mr. Sigrist. Voted affirmative.

Mr. Mack now proceeded to Article 29 because it was a money article.

Article 29: To see if the town will accept State Aid in the sum of \$15,000 and raise and set aside the sum of \$15,000 to be used for the construction of the South Road Bridge. Mr. Day moved to accept Article 29. Seconded by Mr. Russell. Voted affirmative.

Article 21: To see if the town will vote to adopt the findings of the salary schedule committee which will establish a salary schedule and its maintenance for the departments of the town.

Mr. Fowler moved for the adoption. Seconded by Mr. Butler. Discussion followed. Voted affirmative.

Article 15: To see if the town will vote to assume direct control of and accept the Londonderry Volunteer Fire Department as the Municipal Fire Department of the town of Londonderry. Direct control to mean: (1) The town to assume ownership of certain assets and equipment of the Londonderry Volunteer Fire Department, Incorporated. (2) Responsibility for organization as a Municipal Fire Department to be vested in the Town Fire Chief, under the jurisdiction of the Selectmen of the town of Londonderry. These Selectmen to be known as the true and only Fire Commissioners of the town of Londonderry. Petition by Alan J. Sypek, and others. Mr. Shepard gave a history of the fire department and then moved to accept

Article 15. Seconded by Mr. Russell. Discussion followed.
Voted affirmative.

Article 16: To see if the town will vote to authorize the Selectmen to enact the ordinance attached hereto providing the licenses and regulation of dogs and pass any vote relating thereto.

An ordinance providing for the licensing and regulation of dogs. Be it ordained by the Board of Selectmen of the Town of Londonderry, as follows:

Section I: Definition of Terms: As used in this Ordinance.

- A. "Dog" Shall be intended to mean both male and female, altered or not.
- B. "Owner" Shall be intended to mean any person or persons, firm, association or corporation owning, keeping, harboring or assuming the care of a dog.
- C. "Running at Large" Shall be intended to mean off the premises of owner or keeper, and not under the control of the owner or a responsible person.

Section II: License and Registration Required:

All dogs kept, harbored, or maintained by their owners in the Town of Londonderry shall be licensed and registered as specified in the Revised Statutes Annotated of the State of New Hampshire.

Section III: Running at Large Prohibited:

It shall be unlawful to permit any dog to run at large. See definition. This section shall not prohibit the use of hunting dogs in the Town for hunting or training purposes, provided that the dog is accompanied and under the control of a person actually engaged in the pursuit of game or training the dog or dogs concerned.

Section IV: Impounding:

It shall be the duty of the Dog Officer to apprehend any dog found running at large. See definition.

Section V: Method of Confinement:

The Selectmen, with the assistance and cooperation of the Dog Officer, shall select a "Suitable" place of confinement for impounded dogs. "Suitable" shall include good food and care.

Section VI: Notice to Owners and Redemption:

If such dog has upon it the name or address of the owner, or such name or address is otherwise known or obtainable, then the Police Department or Dog Officer shall notify the owner within twenty-four (24) hours after seizure of such dog. Notice of impounding shall be in writing by registered mail, postage prepaid, and shall be construed as having been given at the time of posting thereof. If the dog impounded does not have the name or address of the owner, and if the owner is not otherwise known, then no notice shall be necessary. The owner of any dog so impounded may reclaim said dog upon payment of the sum of \$10.00 for the first 24-hour period or any part thereof the dog is held, and \$3.00 for each 24-hour period or any part thereof that the dog is held thereafter, provided, however, that before release to any person, if the dog is not licensed, a license as required by the Town of Londonderry shall be secured.

Section VII: Fees:

The sums collected pursuant to the provision of this section shall be accounted for and paid over to the Londonderry Town Treasurer.

Section VIII: Disposition of Unclaimed Dogs:

Any dog which has been impounded and has not been redeemed by the owner shall be turned over to the nearest Animal Rescue League, provided, that any such dog shall be held for at least seven (7) days after the impounding and in those cases where it is required that notice be given the owner, held for at least seven (7) days after required notice has been given. In the event the Animal Rescue League is unwilling or unable to accept custody of such dog or dogs, said dog or dogs shall be disposed of as directed by the Selectmen in writing.

Section IX:

The Selectmen shall appoint a Dog Officer and shall determine the amount of his pay. The said officer shall be selected from candidates having a knowledge of animals and their care. It shall be the duty of the Dog Officer to enforce the provisions in this ordinance and perform such other duties in respect thereto as the Selectmen shall determine. The Dog Officer shall be appointed as a Special Policeman.

Section X:

Any person found violating any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than \$10.00 nor more than \$20.00 for such offense.

By petition of Kenneth J. Lindley, and others. Mrs. Lindley moved for the adoption of Article 16. Seconded by Mrs. Hume. Discussion followed. Chief Ball moved to amend Article 16 with the following language:

Include in Section II the following wording:

“Any person found to be keeping, harboring or maintaining an unlicensed dog shall be required to license said dog at the office of the Town Clerk within ten days of notice and at the time of registration shall pay to the Town of Londonderry an additional fee of ten dollars. Failure to register the dog and pay the fee shall require the person to be summoned to court for the violation of Chapter 466, R.S.A., State of New Hampshire and to receive the punishment thereof.”

Strike the wording in Section III and replace it with the following:

“The Selectmen shall provide for the rigid enforcement of Chapter 466, R.S.A. and take such steps as they may deem necessary to insure compliance with its provisions by residents of the Town of Londonderry.”

Change the wording of Section IV so that it shall read:

“It shall be the duty of the Dog Officer to apprehend any dog found running at large without a collar and valid license tag. Any injury or death of the animal caused in the effort of its apprehension shall be the responsibility of the owner and no liability shall be found with the Dog Officer or his assistants.”

Insert various wordings in Section VIII: "Disposition of Unclaimed Dogs:" so that it shall read: "Any properly collared and tagged dog which has been impounded and has not been redeemed by the owner shall be turned over to the nearest Animal Rescue League provided that any such dog shall be held for at least seven days after the impounding. In those cases where it is required that notice be given the owner, said seven days shall commence from the date the owner is notified. In the event the Animal Rescue League is unwilling or unable to accept custody of said dog, the dog shall be disposed of as directed by the Selectmen. After the seven day period any uncollared, untagged dog whose owner cannot be identified shall be held for a minimum of ninety-six (96) hours and after such time if no claim has been made for the dog and the owner cannot be determined, the dog shall be disposed of in the manner prescribed in the preceding paragraph." Seconded by Mrs. Moore. Discussion followed. Mr. Foley moved the question. Seconded by Mr. Ghiloni. Voted affirmative. Mr. Mack then called for a vote on the amendments proposed by Chief Ball. Voted affirmative. Mr. Mack then called for a vote on Article 16 as amended. Voted affirmative.

Article 17: To see if the town will vote to include in the budget a sum not exceeding \$15,000 for salaries and expenses and vote and raise and appropriate such portion of said salaries and expenses as the town may determine is needed for the year 1976 and pass any vote relating thereto, in the event the Selectmen are authorized to enact an ordinance for the licenses and regulation of dogs. By petition of Elaine J. Bailey and others. Mr. Early moved to accept Article 17. Seconded by Mr. Russell. Discussion followed. Mr. Cassotis moved to amend the figure to read \$6,000 for this purpose. Seconded by Mr. Czuchry. Discussion followed. Mr. Strino stated that he thought it would be best to table the whole thing. Mrs. Wood moved the question, seconded by Mr. Early. Voted affirmative. Mr. Mack then called for a vote on the amendment. The amendment was defeated. Mr. Mack then called for a vote on Article 17 as read. Voted affirmative.

Article 19: Do you favor the adoption of the provision of

revised Statutes Annotated Chapter 33-A to allow the disposition of municipal records. Mr. Day moved to accept Article 19. Seconded by Mr. Early. Explanation followed. Voted affirmative.

Article 20: To see if the town will vote to give the Londonderry Athletic & Field Association permission to use an area of land approximately four acres in size located at the corner of Sargent Road and Nelson Road. This land now being owned by the Town of Londonderry. Description of area as follows: Beginning at the corner of Sargent Road and Nelson Road, going in a westerly direction down Sargent Road 400 feet, then going southerly direction 400 feet, easterly direction 400 feet and northerly direction to the point of beginning. This land to be used for a baseball field and other youth activities. The Londonderry Athletic & Field Association shall have the use of said property until authorization is rescinded by vote of a town meeting. By Petition of Herbert N. Kimball, President, Londonderry Athletic & Field Association and others. Mr. Webber moved to accept Article 20 and also to amend Article 20 to read as follows: to see if the town will vote to give the Londonderry Athletic & Field Association permission to use an area of land approximately 4 acres in size. This land to be used for a baseball field and other youth activities. Said 4 acres to be on town owned land, the location of said land to be mutually agreed upon by the Board of Selectmen and the Londonderry Athletic & Field Association. The Londonderry Athletic & Field Association shall have the use of said property until authorization is rescinded by vote of a town meeting. Seconded by Mrs. Fogarty. Discussion followed. Voted affirmative. Mr. Mack then called for a vote on Article 20 as amended. Voted affirmative.

Article 22: To see if the town will vote to exclude from the Plan of Service of the Federal Social Security Act as authorized by RSA Chapter 101, amended by Chapters 302 and 332 any class or classes of position of election officials and election workers for a calendar quarter in which the remuneration paid for each service is less than \$50. Mr. Early moved to accept Article 22. Seconded by Mr. Russell. Voted affirmative.

Article 24: To see if the town will vote to change the name of the road known as Wayworth Road to Weymouth Road as shown on the Londonderry Tax Map #15, from the easterly side of Mammoth Road to Tax Lot #191. Mr. Early moved to accept Article 24. Seconded by Mr. Russell. Discussion followed. Voted affirmative.

Article 25: To see if the town will vote to reclassify Pettingill Road from a class 6 highway to a class 5 highway as shown on Londonderry Tax Map #28 at a point starting at the intersection of Harvey Road to a point approximately 2,000 feet westerly along said Pettingill Road abutting parcels 45, 45-1, 18, 18-1 and 18-2. Mr. Early moved to accept Article 25. Seconded by Mr. Russell. Discussion followed. Voted affirmative.

Article 26: To see if the town will vote to authorize the Selectmen to negotiate for and enter into a lease agreement with the city of Manchester for the lease of Perimeter Road from the city of Manchester as said road is located within the town of Londonderry on such terms, conditions and subject to such limitations as the Selectmen shall determine to be in the best interest of the town. And the Selectmen are further authorized and empowered to execute such lease agreement binding the town to the terms thereof. Mr. Russell moved to adopt Article 26. Seconded by Mr. Early. Voted affirmative.

Article 27: To see if the town will vote to change the name of that portion of Old Nashua Road as shown on Londonderry Tax Map 10 bordering lots 52 through 56, beginning at the intersection of said road and Route 102 and running north-easterly to a dead-end henceforth to be known as Garden Lane. Mr. Day moved to adopt Article 27. Seconded by Mr. A. Fowler. Voted affirmative.

Article 28: To see if the town will vote to change the name of that portion of Old Nashua Road as shown on Londonderry Tax Map 7 between lots 121 and 125 and lots 128 and 129 running in a east-westerly direction with access to Route 102,

henceforth to be known as McAllister Drive. Mr. Day moved to accept Article 28. Seconded by Mr. Early. Voted affirmative.

Article 30: To transact any other business that may legally come before this meeting.

Mr. Day stated that in conjunction with the bicentennial celebration he would move to start a Brothers of the Brush Contest starting tonight and ending on August 21 or 22. Seconded by Mrs. Hardy. Voted affirmative.

Mr. Merrill moved to give Selectman Day a standing ovation for his outstanding six years of service. At this time a standing ovation was given Mr. Day.

Mr. Russell moved to adjourn the meeting until April 10th following the District School Meeting at which time a final figure will be received on the school budget. Seconded by Mr. Day. Voted affirmative.

(Whereupon, the meeting was adjourned at 11:20 P.M.)

Saturday, April 10, 1976, Londonderry Central School, at the close of the School Meeting.

The Meeting was called to order by Moderator, Andrew C. Mack.

Mr. Russell moved to accept Article #2, as amended \$1,166,258.90 — adding total school budget of \$3,599,738.00 giving a total budget of \$4,765,996.90. Seconded by Mr. Early. Voted affirmative.

Mr. Russell moved to adjourn the meeting. Seconded by Mr. Day. Voted affirmative.

The foregoing minutes were recorded in my presence by Ronald J. Hayward, Stenotype Reporter and I certify them to be correct to the best of my knowledge and belief.

Alice M. Taylor, Town Clerk
Londonderry, N. H.

ROAD AGENT REPORT

The year of 1976, the Highway Department was faced with a few more growing pains, the same as all other Departments.

We have added approximately four (4) more miles of new developments to our road mileage this past year.

We have been trying to keep up with our street signs, both informative and directional.

The maintenance continues as usual, the sealing of approximately one-half of our older tar roads, patching, and etc.

New Construction

Our new construction money was used on the following projects.

1. Tarring of South Road from the Derry Line to Arrowhead Estates.
2. Drainage work on Cortland Street.
3. Drainage work on Griffin Road.
4. Drainage work on King George Drive.
5. Drainage work on Spring Road.
6. Culvert on Hardy Road.

These above projects consisted of drainage pipes and storm drain basins.

7. The widening of bridge on Litchfield Road.
8. The widening and resurfacing of Litchfield Road near Alexander Road.
9. The purchase of new culvert pipes for future drainage problems. Many of these we furnish for work done by developers on our existing Town roads, such as Bartley Hill Road, Alexander Road, and West Road.
10. Work was started on Sanborn Road such as cutting trees, to prepare for widening.

The TRA funds were used to widen and improve the bad hill on Hovey Road which will be surfaced this summer.

Again this year I wish to thank all of the people for their cooperation. My thanks to the people in the Town Office, Fire Dept., Police Dept. and all the men associated with the Highway Dept. A special thanks to the fellows at the Fire Dept. who dispatched all of our phone calls to the Highway equipment and Highway garage.

Respectfully submitted,

Richard S. Moore, Road Agent

1976 LONDONDERRY POLICE ANNUAL REPORT

As we reflect on our 1976 activities, we find that as the year ended, we had made reasonable progress toward our goal of improving our ability to serve and to protect. For the first time in several years all of our patrolmen have graduated from the Police Academy. Officer Steve Tatham graduated in November, the last of our men fulfilling this requirement. We look forward to the challenges of the new year with a measure of confidence. We hope that we will be in a position to assert ourselves quickly in those areas where problems appear to be developing.

1976 was not without problems for us. The continued heavy growth of the Town meant an equally heavy increase in requests for services. Similarly, the three major areas of criminal activity increased. Burglaries (up 48%), Criminal Mischief (up 30%), and thefts (up 21%) indicate where we must intensify our efforts. We will be developing programs in which we will need your assistance and cooperation if we are to continue to make Londonderry a safer town. There are steps that can be taken to ease these problems.

We have already started our attack on burglaries by installing a new type of alarm system in our station. An installation of a compatible system in your home or place of business can be achieved at reasonable costs without extra monthly charges. If you have valuables, particularly irreplaceable items such as antiques, coin or stamp collections, we urge you to contact us for more information on the installation of an alarm system. We have found through experience, that a properly installed alarm system is a very positive factor in the prevention of loss. Its value to the Police Department in alerting us to a crime and aiding us in the apprehension of criminals is exceptional and means that we can be considerably more effective in protecting your property. If you take vacations during the winter time, the system can be used to alert us of a temperature change in your home such as the heating system not working or a sudden rise such as caused by a fire. There were 110

burglaries in Londonderry last year with a property loss in excess of \$100,000. This figure can be substantially reduced through use of alarm systems.

In 1975 Londonderry led the State in the number of fatalities in traffic accidents. Property damage also exceeded a half million dollars. These figures reflect directly in rises in the premiums we must pay for our insurance. In 1976 the department concentrated efforts toward highway safety to give better protection to you and your family. The disregard for motor vehicle laws and the general disrespect for the safety of others quickly became apparent. Despite a fairly lenient policy toward borderline violations, 1066 summonses were issued, an increase of 156% over the previous year. As an indication of the leniency shown by the Department, 4,135 warnings were issued. 141 people ignored warnings about defective equipment and found themselves faced with a court appearance. A comparative breakdown of motor vehicle offenses follows this report. There was a 10% reduction of accidents and fatalities were reduced from 7 in 1975 to 3 in 1976. Drunken driver arrests rose from 34 to 70, as Police worked to remove this most hazardous driver from our streets.

We were fortunate to receive a grant from the Governors Commission on Crime and Delinquency to fund two new positions with the Department. A detective Sergeant and patrolman's position were created. The detective, Sgt. Lynch, is assisting Lt. Webster with the investigation. The addition now permits us to follow up investigations in most cases, something we simply were unable to do previously. We believe this position will aid considerably in the successful prosecution of those responsible for crimes in our community. The addition to our patrol force, headed by Sgt. Langevin, has enabled us to re-vamp it into three 3-man teams. Each team is headed by a corporal. We feel that the team concept will improve the individual officers' motivation as his role within the department is more clearly defined.

The Juvenile Service Division with Agent Dave Rist continues to be very busy. There is no question but that the bulk of our problems stems from the actions of our young people.

More than 200 criminal and status offenses were cleared by the Department, and we are aware of many, many more crimes, particularly vandalism, that are being perpetrated by juveniles. The aim of the Juvenile Division is to divert the juvenile from the court system whenever possible and to work with the parents in assisting the young person through this difficult age. We also hope to work with School authorities in establishing an educational program designed to make the student more aware of the reasons and necessity for the Police role and to reinforce the role of the student toward his or her responsibilities as a member of the community.

The frequent turnover of dispatchers has also been a major problem for us. We have had to spend the equivalent of an extra years salary just training new personnel, a process that takes at least three months just to attain minimum standards. Our wage structure is considerably below that of surrounding communities and that of private industry for comparable skills. Recognizing this, the Wage Study Committee has proposed a more favorable wage standard for the position. We hope that this will result in the ability to recruit career minded persons for this position in the future. This should result in considerable savings to the Town.

A training program for Reserve Officers continues with instructional meetings twice each month. Men and women over eighteen years of age are eligible to join the Reserves if they otherwise meet the qualifications and have a genuine interest in Law Enforcement. If you are interested in becoming a member, contact the department for an application. The Police Department and the Town share the grief of the family of Charles DeCato, Jr. who passed away this year. "Chuck" was a former Selectman of Londonderry and an active member of our Reserve Force.

The Department had income of approximately \$35,000 from grants, refunds and reimbursements to help offset its budget. We have also been notified of the acceptance of our application for a mobile radio to replace one of our fifteen year old models. This will save the Town about \$1,000. We will continue to seek funds where available to reduce the expenses of the Department.

DOG OFFICERS' ANNUAL REPORT — 1976

The passing of a Town Dog Ordinance and the necessary funding to implement it by the Town meeting has led to rather important changes in the enforcing of canine laws. About the first of September, the Selectmen appointed Richard Potter of Estey Drive, as a full time Dog Officer. A van and other related equipment was purchased and work was begun. A letter, advising of the coming campaign to license all animals and explaining the penalties for failure to do so, was sent to each home and Post Office boxholder. Unfortunately, to date, about 200 people ignored the warning and have had to pay penalties ranging from ten to over one hundred dollars. We hope everyone understands that every dog, regardless of whether or not it is let out doors, has to be licensed **and** tagged with the license and owners name and address.

Since September, nearly 700 dogs have been licensed. The total for the year was 1441, more than twice the total of the previous year (702). Over two thousand dollars in penalties have been assessed against those who have failed to license their animals, or who have failed to keep the license attached to the collar and on the dog. Nearly a dozen persons have been hauled into Derry District Court for failing to comply with the dog officers conditional summons, resulting in even more severe penalties. These include pet owners who fail to keep their dogs restrained after being served notice to do so by the dog officer. The apprehension of stray and uncollared animals has been slowed by the winter weather, but will be resumed in the Spring. Owners are cautioned to be sure their dogs are properly licensed and collared to avoid the penalties. 1976 licenses expire on April 30, 1977. Dogs that have been licensed for 1976 may now be licensed for 1977 at the Town Clerks Office. Regular license fees are \$2.00 for males or spayed females and \$5.00 for unaltered females. Dogs unlicensed after that date will be subject to the penalties imposed by the Ordinance.

Although the present system has been in effect for only three months, there has been considerable improvement in the dog problem. We ask the cooperation of all pet owners to assist us in the reduction and virtual elimination of complaints

by taking proper care of their animal. Keep your pet off others' property and out of their garbage cans and your neighborhood will be a better place to live.

LONDONDERRY FIRE DEPARTMENT

1976 Town Report

EMERGENCY CALLS . . . ONLY . . . 432-3138

Station No. 1 432-3442 Station No. 2 432-3369

At the annual Town Meeting in March, the citizens of Londonderry voted to assume control of the Fire Department, which they had been petitioned to do by the members of the volunteer association.

Before disbanding in May, the members of the Londonderry Fire Department Association Inc., donated approximately \$18,000 to the Fire Department for the purchase of equipment.

On August 7, during a ceremony conducted at the Londonderry Junior High School, the Selectmen of the Town of Londonderry formally accepted control of the Fire Department from the volunteers.

The former members of the volunteer association have now organized into a Firemen's Relief Association. This Association has recently donated \$1,200 for the purchase of a truck-tractor, to pull the department's water tanker, when an older unit's engine failed.

The Town of Londonderry is now a member of the Border Area Mutual Fire Aid Association. This Association was formed with the intentions of obtaining reduced insurance rates for the 21 member towns. This means that the citizens of Londonderry in certain areas can expect an insurance reduction.

As a reminder, Rescue markers, to be placed on windows in the rooms of children and invalids, are still available, free of charge, at the stations.

The Fire Department conducted inspections of oil burning equipment, chimneys, fireplaces, tank installations, and businesses; also, investigations were conducted to determine the causes of fires.

The number of responses to fires caused by chimneys or wood burning stoves had increased in 1976. Proper installa-

tion and operation of woodstoves, and a clean chimney, will minimize the risk of fire.

If you have any questions pertaining to the proper use of wood burning appliances, or chimneys, please feel free to call us at Station No. 1 (432-3442), or Station No. 2 (432-3369), at any time.

If you seek information, please use the business numbers to keep the Emergency Line clear.

Respectfully submitted,

David A. Hicks, Chief

REPORT OF DISTRICT FIRE CHIEF AND TOWN FOREST FIRE WARDEN

Since its beginning in 1893, the State Forestry Department has recognized the fact that forest fire prevention and suppression is a joint state and town or city responsibility. Local authorities recommend names of persons to the State Forester, who appoints one person as town or city fire warden and several other persons as town or city deputy fire wardens to a three year term.

The local forest fire warden controls the kindling of all outside fires, when the ground is not covered with snow, by issuing a written permit for kindling a fire. Permits are only issued at such times and in such places as the fire warden deems as safe.

The State Forest Fire Service trains the local forest fire organization in modern forest fire prevention and suppression tactics. The State also provides backup personnel and equipment for suppression and prevention activities.

The combination of State and local forces has resulted in one of the smallest acreage loss due to forest fires in the United States for the past 20 years.

RECREATION COMMISSION

The report of the Parks and Recreation Commission for 1975 indicated the Commission looked forward to developing new facilities and programs in 1976.

The Town gave its approval to a new facility, two tennis courts. The bureaucratic processes were slow but final Federal approval of the project was received in December. It is anticipated the courts will be ready for play in June.

A new program started in December, a men's basketball league. The Monday night program used to attract 20-25 players, the new competitive league has 60 players.

The children's basketball program, encompassing ages 7-15, boys and girls, has grown to more than 200 players. Because of the increased attendance, it was necessary to utilize both Matthew Thornton and North School facilities on Saturdays. An informal basketball program for teen-agers was held on Sunday evenings.

With the new men's league, if enough interest can be generated, the Commission would consider organizing a women's basketball league next year. There is one change that increased costs has brought about. In the past several years, awards have been given to all participants in the children's basketball program, but it is unlikely that this policy can continue.

The summer recreation program was one of the most successful ever sponsored by the Commission. There were 225 children registered with over 100 in daily attendance. The morning program was highlighted by a Fire Awareness Day, The Little Red Wagon Puppet Show and Dwight Damon's Magic Show. The afternoon program included field trips to the New England Aquarium, the Manchester Union Leader plant and Rockingham. The Commission made available the Camp Wildwood swimming pool for family swims for six weeks.

The men's softball league supported by the Commission had eight teams with 175 registered to participate in the sixteen week schedule. Men's and women's volleyball totalled about 40 adults who played with enthusiasm during the winter months. The Commission also helped support the flag football program which had 167 players.

We, the members of the Recreation Commission, wish to express our appreciation to: the School Board for their cooperation in making the school facilities available; Principals Shea and Jobin for their assistance in scheduling; the Londonderry Explorer Post for their assistance when they are called upon; finally, our thanks to the parents, the interested adults and teen-agers who make the programs successful with their voluntary efforts in officiating, coaching and just supporting the programs by being great spectators.

Thanks to all for your past support and we solicit your support for our 1977 programs. We hope to continue to provide new programs and new facilities.

THE LEACH LIBRARY

The Leach Library has had another successful year in the "new" building. The basement floor has been tiled and the driveway has been extended to provide both an entrance and exit.

The Trustees meet once a month to conduct library business; some of which has included expanding its services to the community by offering classes in crafts such as macrame, crewel embroidery, crocheting, rug hooking and art for adults and children.

Through the interest and kindness of the Friends of the Library the library is open Saturday mornings from 10 o'clock to 12 o'clock.

From money raised by having a Puppet Show for children they have contributed tables for the basement. Also in the library entrance they have a calendar of monthly events taking place in the town. Along with having a booth on the Common and serving food and coffee at Town meeting, the Trustees have held a raffle for a Gourmet Dinner and decorated a float for the Bicentennial celebration on Old Home Day. All this is done on a volunteer basis.

The display case owned by the Historical Society has changing exhibits, and the works of local artists are on view from time to time.

Planting of shrubs and spring bulbs has been done by members of the Londonderry Garden Club for which they received a sterling silver Paul Revere Bowl from the State.

With a total number of 3500 card holders the library has had a steady growth, averaging 100 new applicants monthly.

Respectfully submitted,

Dorothy S. Webber

DERRY VISITING NURSE ASSOCIATION

(For period of 7-1-75 to 6-30-76)

The bicentennial year of 1976 also marked the tenth year that the Derry Visiting Nurse Association provided public health services to Londonderry residents. The arrangement began in order that elderly people living in Londonderry might be able to have access to Medicare covered home health benefits because the Medicare law was beginning to be implemented at that time. Then, as now, the only way **home** health benefits will be paid for by Medicare is when they are provided by a **certified** home health agency. Derry Visiting Nurse Association undergoes re-evaluation and must meet strict standards every year in order to be re-certified. Its fiscal records also are carefully audited annually.

In 1975-1976, in addition to making 522 visits to provide care to the sick (including those in the Medicare program), the agency also made 263 public health type visits (at no charge), especially to newborns, their mothers and to pre-school children. The Homemaker/Home Health Aide Program also made 90 visits to provide 159 3/4 hours of service in the home.

In February of 1976, Derry Visiting Nurse Association was awarded a grant from the state Bureau of Maternal and Child Health to help to increase efforts in providing more in-depth and supportive kinds of visits to newborns and their mothers. Under this program the state is asking local visiting nurse agencies to identify and provide assistance, especially to infants and families who might have greater health or development risks. However, our own commitment is to make ourselves available, also, for support to all families of newborns and pre-school children. Our major opportunity to be of assistance is by making a visit as soon as possible after mother and baby come home from the hospital. Because hospital referrals are not certain, and are often delayed, families wishing such a visit should feel free to call our office Monday through Friday, from 8 A.M. to 4 P.M. at 432-7776 or 434-5806. Anyone who might need help in making out applications to state clinics

for pre-school children should call these numbers as well.
(School-age children are assisted by the school nurse.)

Our immunization clinics are open to children of any age and are held the first Friday of February, April, June, August, October and December from 9 A.M. to 10:30 A.M. at Saint Luke's Methodist Church on East Broadway in Derry.

Members of our Board of Directors who are currently representing the town of Londonderry include:

John Calhoun, Treasurer
Janet Morneau
Alicia MacDonald
Michael Wartman

Respectfully submitted,

Joanne Millsaps, R.N.
Nurse/Administrator

REPORT OF THE BUILDING INSPECTOR

During the calendar year of 1976, the office of the Building Inspector issued 600 permits for a total value of \$15,880,300.00 with fees totaling \$16,074.50. The dollar valuation is almost double the 1975 figures and approximately 90% of this total is for single family homes and it appears that the majority of these are either pre-sold or sold before completion. I do not believe there are more than a half dozen that are not occupied homes for sale at any one time in the town of Londonderry.

This report also shows the activities of the Health Officer.

Respectfully submitted,

Richard L. Hodgman
Building Inspector &
Health Officer

BUDGET COMMITTEE

The twelve members of the Londonderry Budget Committee act in an advisory capacity overseeing the budgets of the School and Town departments. Being elected by the townspeople, we are responsible to you, the citizens of the town, and represent your interests to see that the respective budgets are reasonable and justly formulated. In this capacity we have met with various departments over the past year for informational purposes, with the objective being to gain an added insight into various departments' operations, thereby improving communications between departments and the townspeople.

We appreciate the creation of the Wage and Salary Committee, their formulation of a consistent wage schedule for the town employees, and wage increases, based on merit, being proposed by the department heads for their own workers.

You will find our recommended budget in a separate column adjacent to the Selectmen's budget; and where there are differences, we will explain them at the Town Meeting.

We would like to thank the various boards for their cooperation throughout this year and the town's people for their continued support.

Respectfully submitted,

Londonderry Budget Committee

LONDONDERRY PLANNING BOARD

1976 proved to be the busiest year so far in Planning Board history. Plans were signed for 320 residential lots, 4 Commercial or Industrial lots, 11 perimeter plans and two de-subdivisions. The Board also reviewed more non-residential site plans than in any other year.

Zoning changes proposed by the Planning Board and adopted at Town Meeting included a buffer zone on Commercial lots that abut a Residential district; the maximum coverage by buildings and parking lots on a Commercial lot is now limited to 2/3 of the lot, the Town adopted the BOCA plumbing code and the 1975 National Electrical code; and added to the Conservation District the land bordering Scobie Pond.

The Subdivision regulations were amended with the help of the consulting Town engineer to revise and specify procedures for subdivision and non-residential site review. Design requirements have been more fully specified and all plan and roadway specifications have been upgraded. Review fees were increased to off-set engineering expenses.

The Board meets every Wednesday and holds subdivision hearings on the second Wednesday of each month.

Respectfully submitted,

George P. Hicks, Chairman
Londonderry Planning Board

BOARD OF ADJUSTMENT

1976 Activities

I. Analysis of Cases:

Type of Case	Granted	Denied	Withdrawn	Tabled	Total
Variance	17	8	1		26

II. Case History:

Year	No. of Cases
1976	26
1975	31
1974	45
1973	49
1972	36
1971	21
1970	22
1969	18
1968	24
1967	16

III. Remarks:

A slight drop in the number of cases heard is noted again this year. It is possible this may be partly due to the ten dollar charge which is now assessed individuals seeking variances.

A majority of cases denied in 1976 were requests for commercial enterprises in residential districts.

In reaching for a decision, the Board of Adjustment has strived to eliminate any granting of variances that would tend to create spot zoning. Before a decision is made the board must ask itself the following questions:

1. Does a hardship exist, pertaining to the lot or structure which restricts the owner from enjoying the reasonable use of his property as compared to his neighbors?

2. Will granting the variance be in general harmony with the general character of the area?
3. Will granting the variance be detrimental to the convenience, welfare, health, safety and character of the neighborhood and community?
4. Will denying the variance result in an injustice?
5. Should conditions be attached to the variance which will protect the neighborhood and the community?

To encourage interest, the Board would like to take this opportunity to invite the public by attending all Board of Adjustment meetings which are held on the third Tuesday of each month in the Planning Board Room at the Town Hall.

Respectfully submitted,

Richard A. Cote, Secretary
Board of Adjustment

LONDONDERRY CONSERVATION COMMISSION

The Bicentennial Year of 1976 was an active one. Culminating over nine month's work on our part was the town's vote to accept Scobie Pond, an excellent natural area, as a Conservation District.

The Conservation Commission has been working for some time on more efficient control of gravel pits. The town gravel ordinance which had not been enforced, is now being complied with by most contractors. With the help of the Selectmen and the Planning Board, six permits have been issued with only two others turned over to counsel.

Development off South Road was thoroughly investigated with other town officials and, as a result, was resubdivided to prevent building on unsuitable wetland.

All Dredge and Fill Permits applied for are investigated by the Commission as to feasibility in regard to wetlands, drainage, soil, etc. In 1976, ten permits were applied for and all found suitable.

Since 1971, the Conservation Commission has been trying to conserve the Musquash Swamp Area, designated by the State to be one of the largest and diversified woodland areas left in southern New Hampshire. The access impact such as building and developed recreation is considered to be severe. It continues to be one of our main concerns for preservation of a natural area in the Town of Londonderry. In early 1976, we had several meetings with the Public Service Company of New Hampshire regarding additional power line routes through the Musquash area. The final decision has yet to be made.

We have taken part in meetings with the Southern New Hampshire Planning Commission discussing further growth

in the community, annually meet with the Budget Committee in regard to Conservation Commission monies, reviewed zoning maps and drawn up priority lists for possible land acquisitions in the future, met with the Planning Board and Sewer Commission regarding the possibility of joining with Manchester in the north, plus our present work on the feasibility of acquiring land bordering Kendall Pond.

Diann MacRae, Chairman

LONDONDERRY HOUSING & REDEVELOPMENT AUTHORITY

Report of the Chairman

The year 1976 has seen much activity and is bringing the project started in 1968 well along the way toward completion.

Our mortgage, originally \$400,000 was not reduced very much this year due to the necessity of having to install all new sewer and water lines in Parcel II. These installations required expenditures of approximately \$175,000. The sewer installation is completed except for a section of George Avenue.

The water was partially installed and will be completed in 1977. The balance left on the mortgage is \$151,215.01 and our loan to be repaid to the Town remains at \$50,000.

The original purchase consisted of five parcels, their status is as follows:

Parcel I: In 1976 the Tel-Labs Company completed its building on this parcel. The remainder of the parcel has been sold to Beal & Co. for development. The development costs to build roads, install water lines and sewer lines is estimated to cost in excess of one million dollars. The schedule for development is five to eight years, will contain about 875,000 sq. ft. of buildings and have a valuation of about twenty million dollars. Proceeds of this sale this year were used toward the sewer installation on Parcel II. This was required to permit the sewer lines from this parcel to be connected.

Future payments from this sale will be used to reduce the mortgage and Town notes. The first building in the complex will be completed in 1977. Plans for this have been approved.

Parcel II: The Silver Bros., Cott Beverage Plant was completed in 1976, also the Kirschner Meat Products distribution and storage center. Two other lots have been sold to Enterprise Development Corp.

On one of these lots a building will be constructed in 1977, another in 1978 on the other lot. Proceeds of this sale also were used for the sewer and water lines.

One remaining lot in this parcel is occupied by the main administration building and the building used by the Town for office and police departments. Until new quarters are found by the Town, we cannot develop this area. Another lot contains the former Officers Club, rental from this building and some former barracks buildings on the lot used by the Town are required for operating expenses of the Authority. Operating expenses will be reduced in 1977 by closing the office for half time and interest payments will be lower as the mortgage is reduced.

Parcel III: This area has considerable industry now with Worcester Controls added in 1976. We have about 14 acres of the original purchase left in this parcel for sale and 11 acres which are to be exchanged for about 20 acres with the City of Manchester/Airport Authority. This area has water, sewer lines and road construction completed.

We are presently unable to sell any more in this parcel for development due to the uncertain status of the roads leading to and from the parcel going through the property of the Manchester Airport Authority. Lending institutions will not finance buildings unless there is a public right of way. Presently the MAA can close the roads with two years notice.

A lease arrangement between Manchester and Londonderry is being negotiated by the Selectmen and when this is finalized this area can then be sold and developed, enabling the LH&RA to pay off their mortgage and the loan due the Town, putting us out of debt.

Parcel IV is the former "coal pocket" occupied by a building supply company.

Parcel V: the beacon site on High Range Road.

About seven acres of this parcel have been deeded to the Town of Londonderry for the Highway Dept. garage, at no cost to the Town. The remaining acreage will be also deeded to the Town for civic or recreational use when needed. This is not an industrial area.

The whole project so far has been accomplished without Town funds raised by taxation. The Town has, however, had to provide in its budget for hydrant rentals, street lighting and snow removal as the LHRA income is not sufficient to carry these operating expenses.

The revenue generated by the project for the Town continues to grow as does the number of people employed in the area.

When the water lines and sewer lines are all completed in Parcel II, roads will be resurfaced and deeded to the Town. This is expected to be done in 1977.

I wish to express the appreciation of the LHRA Commissioners for the cooperation and assistance given us by the Selectmen and the Building Inspector and to the Planning Board for their help when needed for subdivision changes.

Respectfully submitted,

Williams Lievens, Chairman

AUDITOR'S REPORT

January 14, 1977

To The Commissioners
Londonderry Housing and Redevelopment Authority
Londonderry, New Hampshire

I have examined the balance sheet of the Londonderry Housing and Redevelopment Authority as of December 31, 1976 and the related statements of operations, retained earnings and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

In my opinion, the accompanying statements present fairly the financial position of the Londonderry Housing and Redevelopment Authority at December 31, 1976, and the results of its operations and changes in financial position for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

James J. Mulrennan
Certified Public Accountant

Notes to Financial Statements

December 31, 1976

NOTE 1 — Summary of Significant Accounting Policies

Land was recorded at original cost and then the acreage was segregated into separate parcels. Subsequently, the site development costs were charged to the respective land parcel. A sale of land will result in the particular land parcel being relieved of cost at the average cost rate per parcel.

NOTE 2 — Notes Payable

The notes payable account was comprised of the following amounts:

6% Real estate mortgages payable to the Indian Head Nat'l Bank of Derry Monthly installments of \$1,621.00 for interest and principal	\$ 77,765.01
Quarterly interest payments	73,450.00
	<u>151,215.01</u>
Town of Londonderry — 5.9% installment note payable over a term of 10 years at \$5,000 per year through 1985. The 1976 payment was deferred until future years	50,000.00
	<u>\$201,215.01</u>

SEWER COMMISSION

With authorization by the 1976 Town Meeting for a Sewer Facilities Plan, work was started by our engineer, Hoyle Tanner & Associates, Inc. It is expected that this work will be completed by Spring of 1977. This will be an extensive plan looking many years into the future. This plan is a requirement of EPA which must be completed before we can proceed with actual sewer construction. A meeting was held with the Planning Board and the Conservation Commission, and the preliminary plan was explained to them. A public hearing will be held when the final plan is ready.

Our major task now in progress is to work out an Intermunicipal Agreement with the City of Manchester. This will be necessary before Londonderry can connect the sewer lines to the Brown Avenue Waste Water Treatment Plant as required by the Environmental Protection Agency.

Derry is in the process of making major revisions in its water and sewer systems, some of which will have significant effect on Londonderry. We have met with the representatives of the Town of Derry and their engineers several times over the past year. Both the water and sewer lines will be extending through Londonderry.

When the Londonderry Housing & Redevelopment Authority replaced the sewer lines in their area, our representative to the Advisory Board was kept fully informed of the work there.

By virtue of the power vested in the Selectmen of Londonderry, the Sewer Commission has been appointed to also act as a Water Board. In this capacity we have negotiated with the Manchester Water Works an extension of the water franchise to cover the area on Harvey Road zoned Industrial by last year's Town Meeting. This agreement was signed December 28, 1976.

Several meetings have been held with the Selectmen concerning the Facilities Plan, Construction Plan, and negotiations with both Manchester and Derry. We have appreciated the cooperation we have received from all town agencies.

Respectfully submitted,

Board of Sewer Commissioners
William O. Merrill, Chairman
John E. Webster, Jr.
Allen S. Fowler

LONDONDERRY BICENTENNIAL COMMITTEE REPORT

The Committee had a very busy and enjoyable year in 1976.

The Committee continued to meet regularly through the year, as in the past year. Plans for the Bicentennial Ball were completed and the Ball was a complete success and apparently all in attendance enjoyed it. This Ball was co-sponsored by the New Hampshire Heart Association and \$1,000 was donated to this cause.

The Old Home Days were held on August 21st & 22nd and was a tremendous success. There were many dignitaries in attendance including Mayor & Mrs. J. G. Glassey and three charming ladies from Truro N. S. There were also State, County and local dignitaries from the New Hampshire Bicentennial Committee. Saturday, the 21st started with a huge parade with many floats and bands from various organizations. Activities continued throughout the day and into the evening.

The highlight of the day was the dedication of a memorial to the heroes of the revolutionary war. This dedication was under the direction of Mrs. Ferne Schmidtchen. The plaque depicts three soldiers representing the three battles that our militia engaged in. New Hampshire was the ninth state to ratify the constitution and is depicted by the nine stars on the plaque. The Committee extends its sincere thanks to Mrs. Patricia Verani for her untiring efforts in designing the plaque.

Sunday the 22nd was family day, with an Ecumenical Service in the morning and a breakfast sponsored by the Explorer Post of Londonderry. The New Hampshire National Guard Band entertained with a concert in the afternoon, followed by various activities.

The dedication of the Bandstand and its turnover to the town was also a major event of the celebration. Thanks to Charles Fowler and his committee for a wonderful job on the building of the Bandstand.

In closing, my sincere thanks to the committee and all the friends and neighbors who helped in making the Bicentennial a huge success.

Respectfully submitted,

Robert H. Day, Chairman

WAGE AND SALARY COMMITTEE

Since its conception at the 1975 Town Meeting, Londonderry's Wage and Salary Committee has completed a detailed study of the town employee's wages. A description has been written for each job and a wage evaluation has been done for each description. Based on this data and on data obtained from a survey of selected towns in this area and from the State Municipal Association, a wage and salary plan was formulated and presented to the 1976 Town Meeting and School District Meeting. The plan was accepted by the vote of both meetings and published in the manual entitled "Londonderry Wage and Salary Plan." All town employees are now paid in accordance with the provisions of this plan.

During the past year, the committee has been working to maintain and to improve the system. Work has begun on an evaluation of fringe benefits. Reports on this subject will be forwarded to the Board of Selectmen and to the School Board as they become available.

The committee as appointed by the Town and School District Moderator is chaired by James H. Butler and consists of the following members:

Charles Fowler (Vice Chairman)
Arthur Woodman (Secretary)
Chester Ham
Philip Dalrymple
Pauline Watson
Peter Gaskill
Robert Day

At this writing, one seat is unfilled.

Meetings are held on the third Tuesday of each month at the Londonderry Bank and Trust Company at 7:30 P.M. Interested persons wishing to discuss anything pertinent to wages and salaries or fringe benefits are welcome to attend; however, it is requested that you contact one of the members for an appointment.

Submitted by:

James Butler, Chairman

REPORT OF THE GROWTH CONTROL COMMITTEE

During November of 1976, permission was granted by the Selectmen for the formation of a "Growth Control Committee" in the Town of Londonderry. Donald Babin, of the Selectmen's office, was named Chairman of the Committee which included five other members, chosen from the community at large. They are as follows: Albert Bennett, Robert Webber, Patrina Nesmith, Frank Newhouse and Kendall Smith.

The function of the Committee was to formulate a plan, to be proposed to Town voters in March, 1977, which would protect the Town of Londonderry against excessive financial and environmental stress, by limiting residential building permits. The plan, which appears in the Zoning Section of this year's Town Warrant, has taken the form of an amendment to Chapter 1, Section III, A-2 residential of the Zoning Ordinance. If adopted, this proposal will take effect in March 1977 until March 1978, at which time a Master Plan will be presented to Londonderry voters. For the exact details of the amendment please consult Article 103 in the Zoning Section of the 1976 Annual Report for the Town of Londonderry, New Hampshire.

Respectfully submitted,

Donald Babin, Chairman
Growth Control Committee

REPORT OF THE TOWN HISTORY COMMITTEE

The Town History Committee has been working since early 1974 on the publication of a three-volume history of Londonderry. Volume I, a reprint of the 1851 **History of Londonderry**, by Rev. Edward L. Parker, was ready in November 1974. Volume II, a reprint of the Londonderry portions of **Willey's Book of Nutfield** (1895), was ready in November 1975. Volume III is an original history covering the period 1900-1976 and is expected to be out in late 1977.

As of January 1977, out of a press run of 1000 copies per volume, approximately 180 three-volume sets have been sold, plus some single copies of volumes I and II. The Londonderry Leach Library is the distribution point for the books.

When this project was originally conceived in 1974, \$15,000 was sufficient funding to cover printing and minimal expenses. Actual printing costs are now expected to be slightly over \$21,000, due to substantial increases in the cost of paper and labor. The goal of the Committee is still to reimburse the town. With the sale of all the books, this goal will be more than accomplished. It will just take a bit longer than originally anticipated, since the extra cost of printing the books must first be made up.

Respectfully submitted,

Helen M. Ogden
Chairman, THC

A REPORT FROM THE LONDONDERRY MEMBER OF THE AIRPORT AUTHORITY

Recent improvements to the Airport include the rebuilding and strengthening of the runway ends, new runway lights, a runway sealing, a new taxiway, a new general aviation ramp and the removal of several approach obstructions to the runways.

The results have been a first class airport attracting more and more industries to New Hampshire. Wheelabrator Frye and Simplex Wire are the most recent industries to base their plants in this area and their corporate aircraft at the field. Several other large industries are also considering similar moves.

Grenier Field, New Hampshire's largest airport is sitting on Londonderry's doorstep as a calling card to industries throughout the nation to locate in Londonderry.

LONDONDERRY SCHOOL DISTRICT

Auditor's Opinion

August 3, 1976

We have examined and audited the accounts and records of the Londonderry School District for the fiscal year ended June 30, 1976.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the accompanying balance sheets and statements of sources of revenues and expenditures present fairly the financial position of the Londonderry School District at June 30, 1976, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applicable to governmental entities applied on a basis consistent with that of the preceding fiscal year.

Respectfully submitted,

Plodzick and Sanderson

REPORT OF THE CHAIRMAN OF THE SCHOOL BOARD

To the citizens of Londonderry:

Nothing encourages hard work so much as appreciation for past efforts. It was with deep gratitude to the voters that I returned in March for my second term on the school board.

It was heart-warming to the entire school board to be given positive direction for the future. The vote to complete the high school program was clearly one of the most significant steps in the development of education in Londonderry. The board now knows which way to proceed, and our elementary pupils know where they will be when they reach the secondary level.

In the Bicentennial year the school department supported the observance of our nation's anniversary with special projects and presentations in each school. The school board gave its enthusiastic support to the parade in August, and I believe that was the first time the school district ever entered a float in a parade. The appearance of our school band was outstanding, even though it occurred between sessions when some pupils had been graduated out of the system. This group continues to be a source of pride and inspiration to us all whenever it appears. The school board is grateful to the directors, the young musicians and their parents for the success of this part of our program.

During the summer, six of our students represented their town and state in California in an appearance in the nationally televised "Way-Out Games." This came as a result of our school attaining the highest score in the state in the President's Physical Fitness Program. Again we were proud of our pupils, our athletic directors, and the parents who supported them.

As this report is being written, bids are being received and final preparations being made to begin construction on Phases III and IV of Londonderry High School. The Building Task Force has performed its duties faithfully, meeting nearly every week since the vote was taken last April.

In addition, numerous other task forces have been hard at work making sure that the high school will be a true community project with support and approval of all the people. Everyone who has shown any interest at all has been invited, and is still being invited to take part in the planning and development of this facility.

For my own part, since my re-election to the board I have retired from fulltime employment and have had extra time to devote to watching over the steps leading to actual construction. Even if my technical knowledge is sparse in some areas, I feel it is important for the people who work for and with us to know that there is someone who cares enough for the success of the project to devote personal time to it.

On behalf of the entire board I extend thanks to the instructors, administrators, assistants and all others involved in the day-to-day operation of our schools. Our gratitude also to the fine young people who attend our institutions and their parents who care. Only through the best united efforts of all of us can we provide the best possible education in our town.

Rowland Schmidchen
Chairman

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

1975 - 1976

At the conclusion of my second year as Superintendent of the Londonderry School District, Supervisory Union No. 12, I am pleased to report significant progress in many areas.

All curriculum areas have been reviewed for completeness of content, logical sequence, relevance to childrens' needs, and up-to-dateness. Priorities were established for curricular improvement, with the mathematics and science curricular receiving complete review and strengthening during the current year. Both are now sequentially organized to cover grades one through eight, which ensures that every child has an equal opportunity to learn in an organized way.

A needs assessment was conducted jointly by the Staff Development Committee and the Title I Advisory Committee. The results indicated that language (reading, speaking, writing, listening, spelling, grammar) was a high priority need. Late in the year decisions were reached to do a complete curriculum study and to use Title I funds for supplementary instruction in this area. Both programs are currently under way.

Education of the handicapped continues to be a rapidly growing responsibility for the School District. Two steps have been taken to meet this responsibility effectively and in the most economical way. The District has received from our regional affiliation (SERESC) services for handicapped worth \$5,553 for an expenditure of \$3,136, plus a share of personnel time. Also established, for operation during 1976-77, was a program in which the majority of our learning disabled students would be serviced locally rather than placing them out on tuition.

The future pattern of the Londonderry Education System was clearly established with the rejection by the voters proposed contract with Pinkerton Academy for high school edu-

cation and the approval of a \$3.7 million bond issue to completely establish the Londonderry High School in September, 1978. These actions at the District Meeting on April 10, 1976, were preceded by intensive negotiations with the Academy Trustees and the equally intensive investigation and planning of the high school by more than one hundred volunteer citizens.

What has become known as Phase II of the High School, comprised of science laboratories and mathematics classrooms was occupied by the Junior High School in September, 1975, and provided much needed space to allow the fifth grades to be moved into that building, thus relieving the space crunch at the two elementary schools.

School enrollment continued to grow steadily. At the close of the school year in June, 1975, there were 1,560 pupils enrolled in grades 1 through 8 and 494 high school pupils on tuition for a total of 2,054. By September, 1975, the total had grown to 2,212 and by September, 1976, to 2,374 including 620 high school students and 1,754 pupils in our local schools.

The 1975-76 school year saw twenty-three teachers join our staff due to expanding enrollments, resignations, and leaves of absence. Of the twenty-three, six had masters degrees, and eleven had previous experience. Nine had received their training at U.N.H. in Durham, four at Plymouth, four at Keene, and six at universities and colleges outside of New Hampshire.

Rowland Schmidtchen was re-elected to the School Board in March and subsequently was chosen by his fellow Board members as Chairman. Patrina Nesmith decided not to stand for re-election; James Cassotis was elected to fill that vacancy. Member Roy Giddens resigned on February 9, 1976, and since the filing period for regular election had passed, the Board operated with four members until after the District Meeting. Lisa Whittemore was subsequently appointed to serve on the one year left on Mr. Giddens' term.

At the suggestion of Representative Peter Gaskill and Moderator Andrew Mack, Central School was re-named by the

District Meeting in honor of Londonderry's signer of the Declaration of Independence.

A new method of providing hot lunches was instituted at the beginning of the year. Meals for all schools are prepared in a central kitchen located at the Junior High School. Lunches for the two elementary schools are transported by van in heated containers.

Respectfully submitted,

Douglass B. Roberts
Superintendent of Schools

ANNUAL REPORT OF THE BUSINESS ADMINISTRATOR

1975 - 1976

The major work performed is as follows: The North School roof replaced at a cost of \$36,624.86; the pier work at Phase I at a cost of \$11,264.55 and the completion and occupancy of Phase II of the Junior High School.

Our first year with the satellite feeding program which served hot lunches at all the schools was a success. The lunch program served an average of 890 lunches per day, with a 54% average participation rate. We are able to offer students meals for 50¢ while still maintaining a self-supporting program. An interesting variation was to include one bicentennial meal each month. Mrs. Deanna Stygles has done an outstanding job in her first year as Food Lunch Director.

The Speech Program (Title I) was fully financed with the use of Federal Funds. We were able to employ two speech therapists and able to provide additional services by extending the program into the summer.

Our first year of transporting our students with Timberlane Transportation Company proved to be very satisfactory.

We received quotes on our insurance liability and by including these buildings under an umbrella coverage, we are able to realize a savings in our premium while increasing our total coverage by 42.5%.

The School District records, lunch program records, and building fund records for 1973 - 1975 were audited and are available for inspection at the Union Office. The audit of 1975-1976 will commence in early July. Audits will be performed on a yearly basis.

With the high school bond issue passed, we are busy preparing data for the bond sale. This involves working with bond council to ascertain if all the legal requirements for the bond sale have been met. It also involves preparing a brochure

which includes the financial and descriptive information for the Town and School District. This is extremely important data since it has a direct bearing on the bond interest rate. I am pleased to report that the Selectmen and Housing Authority are willing to work with us in compiling this information.

This past year I attended meetings and studied the possibility of Planned Program Budget Systems. This would allow us to budget according to programs and would give us the cost of each program for financial reporting.

We are returning \$75,133.18 to the Town this year which will be used to reduce taxes. This represents \$6,340.77 which is interest earned from the NOW Account; the balance of \$16,692.90 in the site account; and \$47,051.17 from the State Aid on the Phase II kitchen equipment.

Respectfully submitted,

Normand A. Tanguay
Business Administrator

LONDONDERRY JUNIOR HIGH SCHOOL

Report of the Principal

To the citizens of Londonderry, I hereby submit my annual report as Principal of the Londonderry Middle-Junior High School.

In September of 1975 some major changes took place. Phase II of the high school was opened for classes. With the additional rooms the school district was able to relieve crowded conditions in the elementary schools by housing grade five at the junior high school. Thus, the junior high opened with 727 students in the fall.

There are many noteworthy accomplishments and honors that have been extended to the school during the school year. Among them are the following:

1. The Middle Junior High School achieved full certification from the New Hampshire Department of Education.
2. The students and school were named the best in the state of New Hampshire in the area of physical fitness. This award came from the American Alliance for Health, Physical Education and Recreation.

As a result of winning this award, six of our students were selected to participate in a television series to be aired in 1976-1977.

3. Having no gymnasium in our school, the physical education program was changed. Project Venture was initiated and the program has been a great success.
4. A second foreign language, Spanish, was also installed in our program. This program also has been well received.
5. A Vice-Principal, Mrs. Joanne Helweg, was hired to assume responsibility for grades five and six. Mrs. Helweg spent the best part of the school year working

on curriculum in the intermediate grades. We look for an improved program during 1976-1977.

Perhaps the most noteworthy accomplishment of the 1975-1976 school year was the passing of the bond issue for Phases III and IV of the Londonderry High School. This was a major step for Londonderry and one that many people worked long and hard to achieve.

I would like to close by reiterating what I have stated in the past. Progress is directly attributable to those associated with the product. I wish to express my appreciation to everyone, both professional and non-professional, on my staff for their cooperation. All of these people play important roles and I could not operate without them. Thank you also to Dr. Douglass Roberts and Mr. Normand Tanguay for their cooperation and assistance.

Respectfully submitted,

Charles R. Stortstrom,
Principal

MATTHEW THORNTON SCHOOL

Report of the Principal

Each year seems to present its own unique set of experiences. This year's energies were directed toward maintaining high scholastic and social standards. In order for the school to strive toward these goals, emphasis was placed on the three R's, proper social mores and enjoyment of school.

For a school to be effective, it must have goals and direction and people who can carry out assorted assignments that lead toward these goals. The people that perform these functions at the Matthew Thornton School are the staff members (teachers, nurse, specialists, secretary, librarian, cooks, custodians) who help make school an enjoyable place to learn and play.

Academically, there are many ways in which to measure a child's progress. Probably the most important of these are the day-to-day evaluations made by the classroom teachers. Therefore, much time and ingenuity was spent by the staff in setting up ways to evaluate youngsters' progress on a daily basis. Ten teachers set their goals and expectations for each child and during the year used all available resources to have each child reach his own individual potential. To assist them in achieving this end, teachers developed lesson plans with specific measurable objectives through written and oral work, testing, as well as individual and class discussion.

Judgments socially are at best subjective. We have set certain standards for the children and most judgments come from how to act within the school, on the playground, during public functions or during field trips. For the most part, feed-back from parents is positive, however we hope to strive toward further expectations during the coming year.

The third area of the school's philosophy, enjoyment of school, has to be included on the priority list. I feel that a child learns more and tries harder when he likes the structure called school. We discipline the students but try to be fair; we

develop many avenues for special talents; we try to treat children with worth and we maintain a concern for their health, safety and welfare. Our responsibility to the child and the parent is a difficult and important one. We, the Matthew Thornton staff, can only do what is possible within our learning and experience but it is done with feeling and care.

Respectfully submitted,

Robert J. Shea

NORTH LONDONDERRY SCHOOL

Report of the Principal

To the citizens of Londonderry, I hereby submit my annual report as principal of the North Londonderry Elementary School.

In reviewing the accomplishments of the past school year, it is gratifying to recall a number of memorable happenings.

Our student body was maintained at the 400 level throughout the year in grades 1 - 4 and a Learning Resource Center.

An expansion of various services to students became more readily available such as speech, counseling and additional instructions to the students with special needs.

The Parent Volunteer Program was continued with great success, and the Londonderry Women's Club donated many materials for our library. Keene State and Plymouth State sent us 8 student teachers during the year.

This year in my report, I wish to focus on the classroom teacher. Most often we mention the supplementary services such as specialists, and the supportive teams such as clerical, custodial and food services; however, progress of the students and success of a school depends most critically on the performance of the teachers that spend 180 days of the school year with your children. Instruction offered must be planned for the needs of each child in the classroom. Indeed, as we are committed to the continuous progress of each student from day to day and year to year, the teacher is primarily responsible for this progress. This professional is committed to each student in the classroom and is expected to offer the optimum every second. Therefore I salute my teachers and truly appreciate their dedication to the students at North School.

Another element critical to the educational success of the students is the communication between the educators and parents. This indeed has been one of our goals during this

past year. Parents and citizens realistically became part of our school — as parents, in discussing the progress of their children; as volunteers, in assisting in the classroom; and as supporters of our program. Their interest was demonstrated most effectively during our Bicentennial activities at the end of our school year during which each class sponsored a program relating to the commemoration of our country's historical events. Parents, staff and students participated in such activities as a flag presentation by Congressman Norman D'Amours, a balloon fly-up, candle making, leather craft, a musical concert, and a dress up day.

We further extend an invitation to the parents who are not yet involved in our school to come in and visit with us. Together we can best provide for the educational needs of the students. This school is our school, your school, and your children's school. You are always welcome.

Progress further depends upon the support of our School Board, our Superintendent, Dr. Roberts, and our Business Administrator, Mr. Tanguay. Indeed we are grateful for their contributions.

Respectfully submitted,

Donald Jobin

SCHOOL HEALTH REPORT

September 1975 - 1976

The school nurse realizes each pupil is different from all others. Each pupil is special and we must be alert to many needs even beyond the physical wholeness of body, mind, and spirit. There are many needs beyond what is known as average good health.

All health problems are not immediately apparent. The school nurse must view the pupil in terms of his total environment, at home and at school, and in terms of his total psyche, how he feels about himself, his relationship with his peers and to older people in his community. All of these things are important aspects to be considered when doing a health appraisal.

The Londonderry school nurses are attempting to update health appraisals in our schools. Routine vision screening, hearing tests, growth and development evaluations, head checks, screening of immunizations records, physical examinations of all students who participate in our sports programs are but a few of the areas we now cover.

These will be supplemented during the 1976-1977 school year with a postural screening program in grades 5 - 8 and a Tuberculosis screening program in grade 8. Routine blood pressure checks will be done on all students in grades 5 - 8.

The Dental Clinic in its seventh year in the Londonderry Schools had a most successful year with 635 students taking part. Mrs. Barbara Coish, R.D.H. is our dental hygienist. We are most grateful to the American Legion for its continued financial support of this program.

175 children were registered for first grade. School requirements for children entering first grade state that children must be six on or before September 30th of 1976. Children are also required to have completed all necessary immunizations and have had an examination by their doctor prior to the first day of school.

A marked decline in communicable diseases has been noted in our schools. The state regulations in regard to immunizations required for school attendance have proved to be very beneficial in this area.

Locally we have received health services through the Londonderry Lions Club, American Legion, and Londonderry Women's Club. At the state level, Sight Conservation, Crippled Childrens Services, The Heart Program, and Maternal Child Health have been most helpful to us.

Our sincere thanks to all of these organizations and state services for their continued support.

Respectfully submitted,

Claire Hunter, R.N.

Arlene Early, R.N.

Marilyn Ham, R.N.

SCHOOL LIBRARY REPORT

To the citizens of Londonderry, I hereby submit my first annual report as School Librarian.

The first duty of any library is to assess the needs of the community it intends to serve. The school library/media center serves the school community which is composed of the students, their parents, faculty, school board members and administrators. This past year has been one during which the library staff, hoping to realize the needs and concerns of these various groups, has seriously considered its role in the educational process.

During the fall of the past academic year our library/media center collections, services and facilities were evaluated using then available circulation and inventory records, standards prescribed by the American Library Association (ALA) and the New Hampshire State Department of Education along with forms for self study from the National Study for School Evaluation (NSSE). The result of this undertaking was a report submitted to the Superintendent in December on the current status and needs of the library/media center programs. This initial report helped to become aware of the strengths and weaknesses of the programs and collections as they existed in the schools and aided us in establishing long range goals of service.

One of the first areas to be dealt with was the establishment of a selection policy. This policy has been drafted and is being considered by the School Board for formal adoption. It is designed to clarify the principles and standards governing the process of selection and to increase the consistency of the decisions which are constantly made on types of material, categories of subject matter or specific items. To further increase the effectiveness of the collections and overall program in regard to classroom curriculum we have explored the possibility of establishing selection committees within each school. Faculty members have been approached and hopefully these committees, composed of representatives from each grade area or department and interested parents,

school board members and administrators, will begin regular monthly meetings commencing in the fall of 1976.

A circulation policy has also been drafted to assist us in making it as convenient as possible for our users to withdraw materials from the collections. Ideally library materials should be in the hands of students and faculty rather than on library shelves but we are dealing with fairly limited numbers of materials and must consider the needs of all users.

One program that has been particularly effective this year has been the increased sharing of resources between the schools. This concept has not been fully realized yet but the idea that "library" is not limited to the resources available in a particular school but to the total material collection of the district has begun. Our library aides have prepared lists of the software available within each library/media center according to a subject classification. These catalogs have been distributed to the teachers in their particular school to make them aware of what is available in these subject areas and to assist them in preparing long range lesson plans using a multimedia approach. Copies of each school's catalog have been placed in the other school library/media centers for inter-library loan. It is hoped that in the future we will be able to provide every teacher in the district with a union list of software.

The following areas of service are presently being worked on and represent priority needs in terms of the development of a sound program. These are the same areas of need cited in the December report to the Superintendent.

1. Development of a unified program which reflects a depth and variety in the selection of all types of material with the necessary equipment available for use in the support of the instructional program.
2. Effective design in the physical arrangement of library facilities to accommodate use by teachers and students, individually and in small and large groups.
3. At the building level, participation of library personnel with teachers in the planning and implementation of the

curriculum as a means of integrating library services with the instructional programs of the schools.

4. Participation of library personnel in the development of in-service training in the use of library resources for teachers.
5. Participation of library personnel with teachers in developing a program of library instruction for students in research skills, etc. evolving from the instructional programs of the schools.
6. Development of a collection of professional library materials to aid in selection.
7. Development of procedures for informing teachers of new acquisitions.
8. Development of classroom and satellite libraries and special collections.
9. Development of resource lists of available materials in separate subject areas.

I should like to take this opportunity to extend my appreciation to the teachers and staff at North School, Matthew Thornton and the Middle/Junior High School. All have contributed to making my first year in this system a very happy and profitable one. In particular the secretaries at all three schools and the Superintendent's office have been most helpful. I also wish to acknowledge the assistance and concern of the building principals and the support and cooperation of Dr. Roberts and Mr. Tanguay. Most of all I am deeply grateful to our Library Aides — Mrs. Barbara Wallace, Mrs. Marilyn Lamson and Mrs. Marion Guilbert. Without the fine foundation of library service that they have established my job would have been a most difficult one. The services of these three most capable ladies has contributed greatly to a most productive year for our school library programs.

Respectfully submitted,

Susan M. Doyon
School Librarian

LIBRARY STATISTICS 1975-1976

Physical Facilities

Category	North	Matthew Thornton	Jr. High
Net Area - sq. feet.	1,500	942	2,800
Length of shelves (in ft. shelving capacity)	440	320	528
Seats available (seating capacity)	46	19	54

Hours & Days Open Per Week

Hours open	30	30	35
Days Open M-F	5	5	5

Inventory-Books	4,972	2,836	3,052
------------------------	-------	-------	-------

Circulation	12,666	13,870	9,978
--------------------	--------	--------	-------

NOTE: The inventory figure does not consider lost books at this point in time. Numbers will be calculated during the summer months and adjustments made in September.

An inventory figure does not exist at this time for numbers of a-v software as these are still being calculated. Circulation figures for a-v equipment and software are also being tallied.

TITLE I REPORT

Speech and Language Development

As last year, this year's Title I Federal funds have been used to implement Londonderry's Speech and Language Therapy Program. Two speech therapists have worked to serve a total of 84 students from the readiness level through grade eight. Each student enrolled in the program exhibited some difficulty with communication skills in the area of listening, articulation, and/or language development. The majority of the students were seen either on an individual basis or in small groups of two and three. There were also several experimental classes composed of readiness students and first graders who required help in strengthening their listening attitudes. One of the goals of these classes was to support the phonics work the children had been introduced to in their classrooms. A summer program was also held. Those who attended were helped to carry over the new communication patterns they learned during the school year as well as to start on new skills.

The two speech therapists were available throughout the school year to perform diagnostic evaluations for any student referred by teachers, school administrators, parents, and physicians. These evaluation services were extended to any Londonderry pre-schooler when parents believed the child might have a speech or language delay. Several families took advantage of the service.

Another responsibility of the therapists was to plan for and follow through on the programs of some town students who are schooled outside of Londonderry. This included making sure the placement was suitable for the student and in agreement with all Federal regulations.

In accordance with Title I laws, this program has had a Parent Advisory Committee actively supporting it. The committee has been busy this year conducting a Needs Assessment for Londonderry. The results of the assessment will help in planning a new Title I program for the coming school year.

The Speech and Language Therapy Program will be financially supported by the town beginning September, 1976. However, because of limited funds, only one therapist will be available to carry out the program. This reduction in personnel will mean a cutback in the number of students served in order to keep a high quality program.

Respectfully submitted,

Marlene Simon
Title I Project Director

GUIDANCE DEPARTMENT REPORT

This year, the students of Londonderry, in both elementary schools and the middle/junior high school were served by three full time guidance counselors.

A major portion of each counselor's time was spent in individual and group counseling sessions with students. This year, approximately 400 students were referred for counseling by teachers, principals, school nurses, other specialists, parents and the students themselves. Approximately 80 students per week were seen on an individual basis and another 40 students were seen in small groups. In addition, each counselor spent time in the classrooms working with students. A group guidance program serving approximately 215 students per week, was implemented at one elementary school.

Much of the remainder of the counselor's time was spent in conferences, consulting with teachers, principals, parents, and other specialists helping to plan and implement programs for individual students. This also included identifying students with special needs and finding or developing appropriate programs to meet their needs. The counselors were also responsible for coordinating the yearly evaluations and staffing, required by law, of 22 of the students placed in special education programs outside of the Londonderry School District.

Additionally, two of the counselors conducted a weekly parent group aimed toward helping parents to gain a better understanding of child behavior and alternatives to dealing with misbehavior in children. A similar seminar was also offered to teachers in one of the elementary schools.

The counselors in Londonderry were also involved in a number of professional or youth oriented organizations, which included membership in the N. H. Personnel and Guidance Association, N. H. School Counselors Association and the Derry Area Youth Services Board.

Respectfully submitted,

Judith Curtis
Thomas Moher
Michael Wartman

LEARNING DISABILITIES REPORT

For the 1975-76 school year, the Learning Disabilities Department consisted of a learning disabilities specialist and three part time learning disabilities aides. One aide was assigned to each school to help carry out prescriptive programs and to assist children with learning problems and their teachers in any way possible. The Learning Disabilities Specialist rotated among the schools, concentrating primarily on diagnostic prescriptive work and teacher consultations. Significant portions of her time were also devoted to out-of-district handicapped children and administrative duties.

This year, the caseload for the Learning Disabilities Department consisted of 106 students, spread fairly evenly among the three schools. The heaviest concentration of students appears to be in the primary grades, with emphasis on third grade. Another concentration of students on the caseload appears in grades 7 & 8, mostly students with residual undiagnosed and untreated learning problems in need of assistance with their schoolwork. The figures quoted do not all represent actual diagnosed learning disabilities; rather, many of these students have miscellaneous problems with schoolwork that need to be documented and discussed with teachers regularly during the course of the school year. These problems could range from physical problems, such as eye muscle imbalance and hearing loss, to learning disabilities related problems such as poor concentration and hyperactivity.

In-depth diagnostic evaluations were provided for a total of about 30 students. Each evaluation involves many hours of work, reviewing records, interviewing teachers, observing the students to be evaluated, and performing diagnostic testing. After this lengthy process, prescriptive programs must be written, and parents and teachers must be provided with the diagnostic prescriptive information. In addition to these 30 in-depth diagnostics, many other students were given updates, screened for learning problems and a number of teachers were able to consult the Learning Disabilities Specialist regarding classroom management and/or specialized teaching tech-

niques for many other children who were not able to be served directly.

With the addition of the learning disabilities aides this year, we were able to actually provide support services for a number of our in-district children with learning problems, a total of 35 children were seen on a regular basis, from one to five times weekly, with the goal of providing learning disabilities therapy and/or remedial academics. At the Junior High School, the learning disabilities aide worked on a cooperative basis with the learning resource teacher, assisting him and sharing some responsibilities with him. This proved to be very successful, and hopefully will continue so that the learning resource center will grow to be more of a resource center than a special class. This will also help us to work toward the goal of a comprehensive special services department with more efficient service going to more students with less duplication of effort.

Respectfully submitted,

Carol R. Davis,
Learning Disabilities Specialist

MATH CURRICULUM COMMITTEE REPORT

During the past year the Math Curriculum Committee has been involved in working toward providing a scope and sequence chart and mastery tests for all grades one through eight.

The following personnel have been busy completing these two tasks:

Grade	1 Jackie Gerth
Grade	2 Sue Miller
Grade	3 Barbara Winter Tommie McKenzie
Grade	4 Lynn Zarlengo
Grade	5 Linda Croteau
Grade	6 George Denno
Grade 7 & 8	Anne Michele Keady

After some initial organizational meetings, the committee met at Oak Hill and spent one day in an intensive review of other scope and sequence materials with specific attention to those areas which applied to Londonderry's programs and needs. Upon completion of the selection of the seven areas that would comprise our scope and sequence chart, the committee consulted with other teachers at each grade level and selected those topics to be included in each area.

At subsequent meetings the committee discussed these selected topics and reached final agreement on those that were of primary importance. General consensus was that the areas of Operations, Number Theory and Numeration, and Measurement should be stressed. Thus, these three areas contain more topics than others.

In order to establish some standard for measuring progress and completion of each area at each grade level, mastery tests have been developed. These tests are intended to determine mastery of an area immediately after the area has been taught.

An average of 80% or better is considered to indicate mastery. All of these tests have been written for **minimum** standards at each grade level.

A record of progress will follow each student from grade to grade. These should help each teacher determine individual strengths and weaknesses. It should also provide the teacher with a means of determining the amount of review which is necessary prior to introduction of new concepts.

In order to be viable any program must be continually reassessed and changed when necessary. Since implementation of this work will not occur until September of 1976, it is expected that reexamination of this material will be necessary.

Sincerely,

LONDONDERRY MIDDLE JUNIOR HIGH SCHOOL
Joanne P. Helweg,
Vice-Principal

LONDONDERRY SCIENCE CURRICULUM STUDY REPORT

During this past year, the Science Curriculum Study Committee made up of three staff members from each of the schools has been in the process of revising and up-grading our science curriculum in grades 1 - 6. Revisions include program changes as well as textbook, material, and equipment changes.

At the outset, the committee developed a set of criteria to be used in evaluating available science programs. The criteria were based primarily on the pre-established Londonderry Educational Specifications and on responses of teachers to a science curriculum questionnaire. Four of the nine member committee had an opportunity to discuss and question contemporary science education thinking with various science consultants at the New Hampshire Elementary/Junior High Science Curriculum Fair in Auburn, N. H. Later, the four committee members shared their findings with the committee as a whole. The committee was able to preview several process oriented programs through literature, scope and sequence charts, filmstrips, and demonstrations.

After previewing fifteen available scientific programs, we chose to meet with four specific publishers to examine their materials more completely. Mrs. Claire Quaile, Junior High Science Department Head, served in an advisory capacity to ensure program continuity in grades 1 - 8. Mr. Donald Jobin, Principal, met with the committee and reacted to various portions of the discussion. Equally important, a number of students in all grade levels previewed each textbook for interest and readability before final selections were made. Upon completion of the study, a program cost analysis was made for implementation.

I take this opportunity to thank each committee member for his/her time, effort and interest in behalf of the staff and School District.

Respectfully submitted,

Robert Shea, Principal
Matthew Thornton School

ANNUAL REPORT STAFF DEVELOPMENT COMMITTEE

The Staff Development Committee is a group made up of teachers, administrators, and parents working towards improving the Londonderry school staff through professional growth activities. The recertification of staff members is dependent on professional growth.

Every professional employed by the Union must complete 50 clock hours of in-service training within a 3 year period. These activities are controlled by the guidelines set up in the Staff Development Master Plan which was compiled during the 1974-75 school year.

Since this was the first year for implementing this new approach to recertification of staff, the Committee has mainly concerned itself with testing out and making improvements on the Master Plan.

However, this year the Committee has taken on another big task. In conjunction with the Title I Parent Advisory Council, the Staff Development Committee conducted a needs assessment within the Londonderry community. The purpose of this needs assessment was to inform the Committees of how the community feels the Londonderry schools are accommodating the children and where to work at improving the programs available to the children.

Alice M. Taylor,
Town Clerk

Cover: A lasting memorial dedicated to the 99 Londonderry volunteers who participated in the American Revolution: the sculpture designed and cast by Patricia L. Verani depicts three revolutionary soldiers represented by Londonderry's contribution to the Battles of New Castle, Bunker Hill and Bennington; the nine stars represent New Hampshire as the ninth State to join the Union.

Photographed at Londonderry Common by Walt St.Clair of Chester, N.H. Cover concept and handlettering by Aries Graphics, Londonderry. Printed by Bridge & Byron, Inc., Concord, N.H.
